REMINDERS

DuneNews

The DuneNews is a weekly communication that provides important updates, district messaging, information, and special events. It also highlights student and staff achievements throughout the district. Please remember to review the DuneNews each week throughout the school year. The [DuneNews](#) is emailed to all families every Thursday afternoon and is also available on the Duneland School Corporation website (linked above).

To learn more about DSC and what is happening within our district please read our current newsletter. [Inspire • Engage • Empower](#)

DSC Building Information

Please click on your students' respective school name above for school specific information.

Registration Information for Returning Students

Register online NOW

Parents of **all returning** Duneland School students may register their children online using the Parent Access Portal through [Skyward](#). Thank you for your time in reviewing and editing this vital information regarding your student(s) for the schools.

Returning students that are transitioning to a new building will **no** longer need to provide proof of residency unless they have moved since they last enrolled in school.

Returning students whose residence has changed within the district will need to provide proof of residency to your child's school if your current address does not match the address in your Skyward Parent Portal.

Please Note: If you are the parent of a current Duneland student and wish to enroll an additional student for the first time (for example, a kindergarten student), please log in to your Skyward parent account before completing the application. Once logged in to the Parent Access Portal, look for the "New Student Application" button on the top left. This will help ensure that your new student account will be linked with your parent account.

K-6 Curricular Fees

New for the 2021-2022 school year: All DSC students registering for the 2021-2022 school year will be required to complete a promise to pay. DSC will be offering several payment options for our families.

These options include the following: applying and qualifying for free/reduced assistance, pay in full on day of registration, pay in full by October 1, 2021, or participate in DSC payment plan:

- Pay 25% of the total amount by October 1, 2021
- Pay an additional 25% of the original amount by December 1, 2021
- Pay an additional 25% of the original amount by February 1, 2022
- Pay remaining balance by April 1, 2022

Curricular fees are payable through Revtrak in your Skyward Parent Portal. Parents of students in grades K-6 are encouraged to pay this year's school fees online. Due to potential student schedule changes, online payments for grades 7-12 will be available beginning on Wednesday, Sept. 15, 2021.

Individuals paying by check or cash, will need to make arrangements to pay the curricular fees at their child's respective school. (School offices are scheduled to reopen by August 2, 2021.)

Residency Requirements

Proof of Residency (i.e. legal settlement) is required for all new students and students whose residence within the district has changed since they last enrolled in school. Acceptable documentation of legal settlement must include the parent/guardian name, student and parent/guardian's current address on one of the following: Mortgage statement or lease agreement **or** two of the following documents with a current date and address; pay stub, utility bill, bank statement, vehicle registration, voter registration or Indiana issued driver license.

Promise Indiana Enrollment for Grades K-1

The PROMISE program of Porter County offers hope and help for post-secondary education and training. Enroll to receive up to \$100 in your child's college savings account. Learn more by visiting the [Promise Indiana website](#).
