*Students will eat lunches during their SRT period*
GENERAL INFORMATION

PHILOSOPHY OF CHESTERTON HIGH SCHOOL
The purpose of education is to help the individual achieve the personal development necessary to find satisfaction and purpose in a rapidly changing global society. The school must educate all students to high levels of academic proficiency while nurturing positive growth in social behaviors and attitudes, regardless of race, gender, and previous backgrounds. The staff of Chesterton High School believes that all students can achieve mastery of needed skills with the expenditure of time, discipline and effort by students and staff. Education is a lifelong process of continuous learning and adaptation: therefore, the responsibility for educating must be a combined effort of the school, the home and other community institutions. All curricular and extracurricular activities will be designed to promote not only personal growth but also development of leadership, teamwork and human relationships. All students will be encouraged to think logically, positively, and creatively to benefit themselves and the society in which they live.

OBJECTIVES OF CHESTERTON HIGH SCHOOL
Recognizing the unique role of the school in helping an individual reach fulfillment and purpose in a democratic society, the staff of Chesterton High School shall help every student to:

1. Acquire basic skills in reading, computation, critical thinking, problem solving, research and communication.
2. Acquire supplemental skills necessary to enjoy the process of education throughout a lifetime of continuous learning and adaptation in a highly technological and rapidly changing global society.
3. Acquire basic awareness of the information and principles of the physical, biological, and social sciences, including current social and environmental issues.
4. Acquire basic exposure to and appreciation of practical arts, literature and the fine arts.
5. Acquire the skills and knowledge necessary to participate in responsible and satisfying roles as a family member, worker, consumer and citizen in society.
6. Develop an understanding of and appreciation for social relationships, cultural plurality, customs, manners, morals, values and ethics.
7. Acquire the knowledge, habits, attitudes and discipline needed to promote public and personal, physical, mental, and emotional health.
8. Realize the abilities, potentialities, limitations, and worth of all individuals, especially oneself, and to practice these realizations in relationships with others of all social and cultural backgrounds.
9. Accept a commitment to use one’s talents and skills to contribute to the decision making processes of societal and political institutions.
10. Utilize co-curricular and extra-curricular activities as vehicles to develop talents, teamwork and leadership.

The school community shall:

1. Provide an environment conducive to achieving these goals, including a well-trained staff, leadership through school and parent advisory groups, and up to date and well-maintained physical facilities and instructional materials.
2. Periodically review and evaluate the school to measure its effectiveness in achieving these goals, and continually provide curriculum and staff development.

ACCESSIBILITY
If you are in need of assistance, accessibility, or an interpreter for the deaf, please contact the building principal 48 hours prior to the event. Duneland is committed to providing assistance to all of their patrons wishing to participate in Duneland sponsored events.

ADVISORY
Advisory is scheduled every Wednesday for 30 minutes. This class was added to provide time to intentionally establish a more personalized learning environment within the larger school community, assist with Graduation Pathways, build relationships and enhance school culture, provide social and emotional support, and assist with student academics, as well as college and career preparation. Adding this time allows us to provide mentoring and guidance for all of our students in a smaller classroom environment.
ANNOUNCEMENTS
The daily announcements are prepared after 1:30 pm for the next day. Each day brief announcements are read over the PA system to students. Students watch video announcements during their SRT. Announcements need a faculty signature and should be turned into the main office a day in advance or the day before it is to be read.

ATHLETIC OFFICE
The Athletic Office is located in the main office area at the main entry. Student and adult tickets may be purchased in this office for all athletic events. The athletic office is open from 7:30 a.m.-3:30 p.m. and is closed for lunch from 11:30-12:15 p.m.

ATTENDANCE
The Attendance Office is located in the main office area at the main entry. Students who have been absent must bring a note or have a parent or legal guardian phone the attendance office (983-3770 or 983-3731) where an admit slip will be issued. Students who must leave school for appointments must bring a note from their parents, take it to the Attendance Office, pick up their leave school permit after Block 1 at the Attendance Office and sign out.

BOOKSTORE
The Bookstore is located in the main office area next to the commons. Operating hours are 7:00 a.m. to 3:00 p.m. daily. In addition to supplying the normal pencil/paper supplies, students may purchase sweatshirts, license plates, mugs, etc. with the school’s logo. Curricular material rental fees and fine payments are collected during school hours. Physical education uniforms may be purchased in the bookstore as well.

CLASS SCHEDULE
Early in the second semester, students meet with a counselor to discuss their schedule for the next school year. The students take the tentative schedule home for their parents’ approval and endorsement. The student’s final schedule will be given to the student in the summer prior to the opening of school. It is the school’s position that schedule changes after the school year begins disrupt instructional time. Since staffing and the master schedule are determined by student course selection, students are expected to honor the commitment they make when selecting courses and the spring deadline for making schedule changes. There are, however, circumstances that may warrant a schedule change. Schedule change requests prior to school starting must meet at least one of the following criteria:

CRITERIA FOR SCHEDULE CHANGES PRIOR TO THE START OF SCHOOL:
1. Failure to meet course prerequisites
2. Failure to meet graduation requirements
3. Change in college or career plan
4. Course changes due to completion of summer school
5. Inappropriate schedule - not enough classes listed on the schedule

CRITERIA FOR SCHEDULE CHANGES AFTER THE START OF SCHOOL:
1. Extenuating circumstances, such as hardship or extended illness
2. Changes in course level are considered. The student, teacher, or parent may initiate this discussion for a course level change. All three must have a conversation and come to agreement on the appropriate placement. All three parties must sign a Course Level Change Form (Green sheet) obtained in the Counseling Office.
3. Course level changes must be completed as soon as possible in the semester.
4. Courses may not be changed or added after the second week of school.
5. Requests for teacher changes will not be honored.
CLOSED CAMPUS

A. The Chesterton High School campus is closed, which means that all students are to remain in the school building unless given permission to leave the building by a teacher or administrator from the scheduled arrival until the time of scheduled departure. Those students who violate the closed campus policy may be suspended.

B. During lunch hours students are restricted to the commons area or the courtyard, weather permitting.

C. Students may leave the campus during the day (with a Leave School Permit) for doctor or dentist appointments and other legitimate reasons by presenting written request/permission from parent or guardian to the Attendance Office or the Assistant Principals' Office.

D. The Chesterton High School campus is closed, which means that all students are to remain in the school building unless given permission to leave the building by a teacher or administrator from the scheduled arrival until the time of scheduled departure. Those students who violate the closed campus policy may be suspended.

E. During lunch hours students are restricted to the commons area or the courtyard, weather permitting.

F. Students may leave the campus during the day (with a Leave School Permit) for doctor or dentist appointments and other legitimate reasons by presenting written request/permission from parent or guardian to the Attendance Office or the Assistant Principals' Office.

G. Students who leave the building without permission between scheduled arrival and departure times may be disciplined for violation of other school rules while off campus, such as possessing, providing, or being under the influence of substances as described in the Positive Life Program, section 5, sub-paragraph

CLOSED CIRCUIT TV (CCTV)

CHS uses a CCTV to enhance the security of its students, faculty and visitors. These cameras are for the use of Security and Administrative personnel of the Duneland School Corporation only. While care is given to the system’s care and upkeep, it should not be assumed that any particular camera is functioning at any given time.

COUNSELING OFFICE, COLLEGE/CAREER CENTER, AND REGISTRAR

The Counseling Office is located in the main office area at the west end of the cafeteria. Hours for the Guidance Office are 7:00 AM to 3:30 PM. Each student is assigned a counselor according to his/her last name. Counselors meet with students each year to discuss career goals and course selection. Counselors are available to discuss individual future plans as well as personal issues. Students are encouraged to make appointments.

The College/Career Center is located in the Counseling Office. It is open from 7:00 a.m. - 3:15 p.m. The center has college, vocational and technical catalogs, technology to assist in occupational, financial aid, college and vocational school research; and guest speakers from colleges, universities, military and vocational schools. In addition, students may pick up scholarship materials as they become available or registration materials for college entrance tests such as PSAT, ACT and SAT. Students may schedule an appointment with the Counseling Office for assistance with planning for their future beyond high school. Assistance with job applications, resume writing and interviewing techniques is also available, as well as help with finding part-time and full-time employment.

Transcript requests are processed in the College/Career Center for seniors. All other requests are processed in the Registrar’s office located in the main office. For members of the class of 1997 to the present, you are able to request your transcript online with secure transcript™ at: www.docufide.com. It is the safe, paperless way to send transcripts directly to the destinations you choose. For all other transcript requests a fee of $4.00 must be paid at the time of request and a minimum of 3 days notice is necessary. Request forms are available online at: http://www.duneland.k12.in.us/chs/career/transcriptreq.html or in the Counseling Office and College/Career Center. Only completed applications with the $4.00 processing fee will be accepted. During the summer, transcript requests are processed once a week. Submit form and fee to the main office for processing with the Registrar. Chesterton High School’s CEEB code: 150-500.
DANCES
Dances sponsored by Chesterton High School are for CHS students only with the exception of formal/semi-formal dances such as: the Fall and Winter Semi-Formal Homecoming Dances, and the Junior/Senior Prom. CHS students may invite a guest who is not a student at CHS to the formal/semi-formal dances. Students/guests must have proper authorization in order to attend these dances. Authorization forms are available in the Assistant Principals' Office. Tickets must be purchased in advance. Please note all authorization must be completed two weeks before the JUNIOR/SENIOR prom. The CHS prom is for Juniors and Seniors and their guests up to and including age 20. No students below 11th grade will be allowed to attend the prom. CHS students and guests must be in good standing at their respective schools. If the guest is out of school, a form must be signed by his/her employer. No individual over the age of 20 will be permitted to attend. Students failing to follow proper procedures will not be allowed to attend the dances. Students will not be permitted to leave the dance and return.

EXTRA-CURRICULAR/DANCE ALCOHOL POLICY
In order to provide and maintain a safe and orderly event, Chesterton High School personnel will administer a breath test to all students before those students will be permitted to enter a school dance or other extra-curricular activities. By school policy, the use, possession, concealment, or distribution of alcohol, drugs, tobacco, and/or other controlled substances is prohibited.

The Breath Test Policy will apply to all Chesterton High School sponsored dances (including, but not limited to: Homecoming, Winter Formal, Senior Banquet and Prom) that occur both on and off campus as well as other school-related extra-curricular events deemed necessary by the CHS administration. All students and guests who wish to enter a Chesterton High School sponsored dance will be required to submit to a Breath Test. If a student or their guest refuses the test, they will not be allowed to enter the dance. If a student or their guest tests positive for alcohol, a second test will be administered by a law enforcement agent. With a confirmation, the student will not be allowed to enter the dance, school disciplinary action will be taken, ticket cost will be forfeited, and a parent call for pickup will be made. CHS administration will act upon reasonable suspicion and reserves the right to breath test students at any time during an event.

Prior to School Dances: Students will be required to sign an agreement acknowledging the rules and expectations of attending Chesterton High School sponsored dances at the time they purchase their individual ticket for admittance to the dance.

EXPELLED STUDENTS ARE NOT ALLOWED TO ATTEND DANCES.
School I.D.'s are required for admission to dances
All CHS rules will apply for students and guests at dances

ELEVATORS
The elevators are available for those who are temporarily or permanently handicapped. Passes for the elevators are available in the Nurse’s Office.

ENROLLMENT IN SECONDARY COURSES / ON-LINE OR OFF-SITE COURSES
No more than two outside credits may be transferred to CHS to count toward graduation. No more than one outside course may be taken in a semester. The outside coursework cannot be a substitute for an ECA tested course and it may not be taken if the course has necessary prerequisites that have not yet been satisfied. If an outside course is taken in the final semester to meet graduation requirements, half of the work must be completed by the end of the mid-semester grading period in order to participate in graduation ceremonies. All courses must be approved by CHS school counselors and/or CHS administration. Opportunities for students to take advanced coursework may be allowed, but are on a case by case system with administrative approval.

Classes may be retaken if the student receives a D or F; the class must be retaken within the calendar year.
FIELD TRIPS
Teachers have the option of approving student field trip requests. The following guidelines have been
developed to aid the classroom teacher in making their decision. The classroom teacher’s decision is final.

1. Classroom Academic Progress: grades, daily classroom preparation, completion of assignments,
tests scores.
2. Classroom Behavior: referrals to the administration for tardies, truancies, classroom disruptions,
general attitude, etc.
3. Attendance: the number of absences to the teacher’s block, total absences to school - excused/
unexcused/truancies.

Students' responsibilities:
1. The student must assume the responsibility inherent in missing another teacher’s class. Students
must have teacher signatures on the Teacher Notification of Student Absence for School-Sponsored
Activity form for ALL classes that will be missed before they will be allowed to participate in the field
trip activity. Students will be held responsible for obtaining all classroom work for the blocks that
they miss. It is recommended that the work be turned in prior to the field trip or school-sponsored
activity or at the discretion of the teacher.
2. The student must have the written signature of his/her parent or guardian on the Field Trip Consent
Slip. In addition, The Student Absence for School-Sponsored Activity form must be returned to the
sponsor five days prior to the activity, complete with all required signatures. Failure to comply with
these provisions will automatically disqualify the student from attending the activity.
3. Students are reminded that Field Trips and other school sponsored activities are an extension of the
classroom. All school rules will be enforced during the field trip. Students MUST ride the transportation
provided by the school district.

FOOD/BEVERAGES
Sack lunches may be kept in students' lockers from arrival time to lunch time, but no food should be
kept in lockers overnight. Beverages/food are allowable by teacher discretion in the classrooms or
hallways at CHS.

GRADES, GRADE POINT AVERAGE, CLASS RANK, HONOR ROLL, ACADEMIC
RECOGNITION

NON-WEIGHTED GPA/WEIGHTED GPA
For letter grades, the following points are awarded (for grade point average purposes, a year course is
composed of two semester courses):

\[
\begin{array}{cccccc}
A+ & = & 4.33/5.33 & B+ & = & 3.33/4.33 \\
A & = & 4.00/5.00 & B & = & 3.00/4.00 \\
A- & = & 3.67/4.67 & B- & = & 2.67/3.67 \\

d+ & = & 1.33/2.33 & C+ & = & 2.33/3.33 \\
D & = & 1.00/2.00 & C & = & 2.00/3.00 \\
D- & = & 0.67/1.67 & C- & = & 1.67/2.67 \\
F & = & 0.00 & D- & = & 0.67/1.67 \\
\end{array}
\]

The total of these points is divided by the number of courses taken to produce a Grade Point Average
(GPA).

Class Rank is determined with semester grades in all courses. Students are listed in order by GPA.
Students must pass at least 2 out of 3 categories (both semesters and the final exam) in order to pass
the semester; if a student passes 2 out of 3, they will earn the credit for the semester.

HONOR ROLL
Students who excel each nine weeks are recognized by being named to the Honor Roll and Principal’s
Honor Roll.

Principal’s Honor Roll is 4.0 GPA or above on 9 weeks grade.

High Honor Roll is 3.5-3.9999 GPA on 9 weeks grade.

Honor Roll is 3.0 – 3.49999 GPA on 9 weeks grade.

Any ‘D’ or ‘F’ grade will automatically exclude a student from honor roll recognition.
INCOMPLETE GRADES
Students who have had an extended absence may receive an incomplete grade for a grading period or semester. Incomplete grades are given for other reasons such as projects not finished, papers not complete, or tests not taken. All work must be made up within ten (10) school days or fourteen (14) calendar days following the end of the grading period or semester. Each student circumstance is different, and special consideration will be given in extenuating circumstances. Incomplete assignments/tests not made up in the allotted time will be given a grade of zero (0) and the final quarterly or semester grade will be determined.

ACADEMIC RECOGNITION
Academic Scholar Award: CHS annual Academic Scholar Award recognizes students who have excelled academically. Freshman earn Academic Scholar recognition with a 3.96 GPA or above at the end of the first semester, Sophomores who have earned a cumulative GPA of 3.91 or above after three semesters, Juniors who have earned a 3.86 GPA or above after 5 semesters will all be awarded. Seniors who have earned a 3.81 GPA after 7 semesters will be awarded a cord to wear at commencement.

Top 5%: Chesterton High School recognizes those graduating in the top five percent of the class. Students who rank in the top five percent of the class by the 7th semester will be recognized alphabetically during Commencement exercises. Students must be enrolled in CHS for a minimum of the three previous semesters in order to qualify for the five percent honor and top ten plaque. Class Rank is determined with semester grades in all courses.

GRADUATION
Graduation Requirements
Graduation requirements and course pathways are outlined in the School Counselor Handbook. The School Counselor Handbook is available in the Guidance office at Chesterton High School.

COMMENCEMENT PARTICIPATION
To participate in commencement exercises, students must be within two credits of meeting required graduation criteria on the day of commencement ceremonies. In addition, they must be enrolled in summer school in the necessary courses to meet their graduation requirements.

HEALTH REQUIREMENTS
Chesterton High School students are to follow the “Guidelines for the Administration of Medication in Duneland Schools.” Please see the nurses for concerns about taking medication in school. (pg.11)

I.D.’S
Students should have in their possession their ID at all times. ID’s are the property of Duneland School Corporation and must be surrendered if a student withdraws or is expelled. Students failing to do so will receive appropriate disciplinary action.

INDEPENDENT STUDY CLASSES
Students must apply to take a class through independent study. Students will sign a contract listing requirements and have pre-approval by the teacher.

INTERAGENCY INFORMATION SHARING AGREEMENT
The Duneland School Corporation is a member of a student service interagency agreement which allows for information to be shared with other agencies. These agencies may include police juvenile probation, courts and many other community agencies that work with the youth of Porter County. This sharing of information was made possible through a court order by the Porter County Circuit Court.

INTERNATIONAL BACCALAUREATE DIPLOMA PROGRAM (IB)
The International Baccalaureate Diploma Program (IB) is a two-year program with a comprehensive and rigorous liberal arts curriculum, leading to examination in the junior and senior year. IB is recognized worldwide for high quality programs in 127 countries. For more information see your school counselor.

LIBRARY MEDIA CENTER
The Library Media Center (LMC) is open Monday through Thursday from 7:00 a.m. until 3:45 p.m. and Friday from 7:00 a.m. until 3:30 p.m. Students may also use the LMC during their SRT by obtaining passes from the LMC staff. Students must present some written form of identification (CHS IDs preferred) to receive an SRT pass, and must know their student ID number to check out materials. In addition to the collection of almost 20,000 books, Periodicals, and audiovisual materials, the LMC offers access to
hundreds of ebooks, a variety of digital magazines, and several research databases. Students also have remote access to pathfinders and databases. The library catalog, and tutorial videos are online. Home use passwords are available by contacting the media center staff. In the LMC, students have access to our makerspace, which includes a number of robots, building materials, equipment for circuitry and coding, and more. The LMC staff also sponsor a number of clubs and activities throughout the year.

LOCKS AND LOCKERS
Lockers are assigned at random and issued to students at registration. Students should report faulty locks and lockers to the main office. Students are encouraged not to share lockers with other students. School facilities such as lockers are school property provided for student use and are subject to search (see search and seizure policy & IC 20-33-8-32).

LOST AND FOUND
Lost and Found is located in the cafeteria.

LUNCHES
Chesterton High School Cafeteria serves four lunches starting at 11:00 a.m. and ending with the final lunch starting at 12:30 p.m. Students are assigned to the same specific lunch period throughout each semester of the school year.

Our cafeteria offers a variety of great selections for their students. The first option is a menued school lunch that is approved by the USDA and the Indiana Dept. of Education as a “qualified” lunch and meets all the nutritional guidelines and standards set forth by these two agencies. The second option is the salad, wrap and sandwich line with a variety of salads ready to “grab and go” served every day. The Express line serves delicious slices of popular pizza and a 2nd entree, also other side items that also constitute a qualified lunch. The American Cuisine line is a quick serve line with burgers, chicken patty sandwiches, fries, drinks, and assorted ala-carte favorites. Last but not least…..our remote food cart is there for students that want something fast to eat or drink. You can receive a free or reduced priced lunch on any line in the cafeteria.

Don’t forget our FULL BREAKFAST BUFFET served every morning. NEVER start your busy day on an empty stomach. Energize!!!!

MEDICATION GUIDELINES
These medication guidelines shall include all medicines including those prescribed by a physician and any non-prescribed (over-the-counter) drugs, preparations, and/or remedies. Medically prescribed treatment refers to health-care procedures, which require special training such as catheterization, or intravenous, or intramuscular injection

• Any medicine to be administered to a student shall be brought to the nurse’s office.
• A medication or prescribed treatment will be administered only with the written and dated consent by the parent or legal guardian.
• Prescribed treatment and prescription medications including blood glucose tests by finger prick are to be administered to a student must be accompanied by a physician’s prescription, a copy of the original prescription, or the pharmacy label.
• Prescription medication shall be kept in its original container, labeled with the student’s name and exact dosage.
• All over-the-counter medication must be accompanied by written instruction to include the student’s name, date, reasons for giving, the dose, time, duration and parent or legal guardian signature.
• Medications are to be kept secured under lock and key. (An exception would be when a student has authorization to carry medication for emergency/chronic health needs).
• Medications that are outdated and declared inappropriate are returned to the parent.
• The school nurse may send home medication that is possessed by the school for administration during school hours or at school functions with a student in grades 9-12, if the student’s parent or legal guardian provides written permission for the student to receive the medication.
• The school nurse or her designee has the sole responsibility of giving or dispensing all medication.
• A record is maintained in the nurse’s office that includes the date, time, and name of the medication. This document must be signed recognizing each transaction.
• Observations, assessments, and reports on usage of medicines and treatments will be shared with parent or legal guardian, appropriate school personnel, and physician.
MEDICATION SELF-ADMINISTERED

Unless a student has a written authorization form from the student’s parent or legal guardian and family physician, and has filed it with the principal and nurse, they are prohibited from possessing and self-administering medication for chronic illness or emergency episodes.

- The written authorization must be filed annually.
- A physician’s written statement must be included with the parent’s authorization.

A physician’s statement to be filed annually must include the following information:

- An acute or chronic disease or medical condition exists for which the medication is prescribed.
- The student has been given instruction as to how to self-administer the medication.
- The nature of the disease or medical condition requires emergency administration of the medication.

NURSE

The Nurse’s Office is located in the Assistant Principals’ complex. If at any time a student becomes ill, they are to get a pass from their teacher to go to the nurse. The nurse will determine whether or not the student should remain in school or go home. If the nurse determines the student should go home, the nurse will telephone the parent for permission to release the student from school.

PARKING

Students who wish to drive to school must register their vehicle through the Assistant Principals’ Office and enroll in the Random Drug Testing Program (See Positive Life Program Section III, F). Students will then be assigned to a parking lot and issued a corresponding tag that must be hung on the rear view mirror. Cost of the tags will be determined by school administration with new tags being issued each year. Students expelled from attendance at CHS will be required to return parking permits.

Students must park in their assigned lot near Entrances 27, 31 & 34. Students who are in violation will be subject to parking fines issued by the school. The fine schedule shall be:

- First Offense - $5.00
- Second Offense - $10.00
- Third Offense - $20.00
- Fourth & Subsequent Offenses - $30.00

Collection of Fines: Fines will be collected at the Assistant Principals’ Office.

Unpaid Fines: Unpaid parking fines will be treated as any other unpaid fine and may result in the loss of the student’s participation in school events, etc.

Contesting Violations: Students wishing to contest a parking fine may appeal to the Student Traffic Court. The appeal must be made in writing within 14 days of the date of issuance. The Court will hear the issue and uphold or void the fine. There is no further appeal after this point.

The west parking lot on 11th Street is reserved for staff and visitors. In addition, any parents that may drop off or pick up students before or after school must do so in the north lot, between Entrances 31 & 34.

PASSES, USES OF

Students are not to be in the hallways during class time or during lunch periods without a pass. Students who violate this procedure will lose pass privileges. SRT passes should be attained the previous day when possible.

PERSONAL PROPERTY

From time-to-time students and staff members may wish to bring personal property to school to enrich the educational program, for reasons associated with their responsibilities or for use during non-school time. This practice is authorized provided it is understood that the Corporation does not have and cannot obtain insurance to cover such property. The school and the Corporation will not be responsible for any loss, damage or misuse of such property.

Possession and use of electronic devices during the school day or while attending school-sponsored events are regulated by state statute, Board policy and student handbooks.
POSTERS/ADVERTISING

Posters and advertisements may only be posted by CHS departments, clubs, sports, or organizations. No advertisements for any outside organization or event is permitted unless approved by CHS administration. Posters must be posted in public areas of the school, and easily removable once an event has passed. CHS clubs and organizations may only advertise the name of the club, the date and name of an upcoming event, its time and location, as well as information relevant to the event. Call out posters may advertise a club’s purpose when seeking new membership. The administration reserves the right to remove any posters or advertisements at their discretion.

REPORT CARDS

All report cards are available online through Skyward.

RESPONSE TO INSTRUCTION (RTI)

Duneland's Response to Instruction is an initiative to address the revised Article 7. Article 7 defines how children are identified for special education. In particular, you may hear the terms “Tiers of Instruction” or “Response to Intervention” (RtI) The primary purpose of Duneland's Response to Instruction is not special education eligibility determination, though that may be a possible outcome. This process is used to identify students who do not respond adequately to intervention or who need ongoing intensive intervention to experience success and sustain growth.

If the data collected indicates that a child is struggling in math or reading, s/he may be provided with an extra boost of instruction in a small group situation with an “Interventionist.” An Interventionist may be an instructional aide, Remediation Aide, Special Education staff member or other qualified professional. This extra instruction will be referred to as Tier 2 or 3. (Tier 1 is the core curriculum used with all students in a particular grade level.) Please know that at any time special educators may also be involved with students in Tier 1, 2, or 3.

If the data shows that your child would benefit from additional interventions, you will receive notification. This notification will indicate that your child is working in a tier group. This additional instruction will take place during the regular school day. Should you receive this notification, please do not be alarmed. While this process may help us to identify children as needing assistance in special education, it does not mean that we think your child needs special education. It is a good thing that your child is receiving extra help when the need is first identified instead of waiting until a child is far below grade level. As always, do not hesitate to ask if you have a question.

Finally, while Duneland’s Response to Instruction instructs the educators to provide additional interventions to students that are struggling, parents with concerns may still talk to the counselor, your child’s teacher, or the principal to ask for an evaluation to determine eligibility for special education and related services.

RETAKING A CLASS

If approved by the administration, a class may be retaken for any reason. A student seeking to retake a class will make an application through the counseling department. The student shall state the reason for the requested retake on the application. The student's counselor will review the application to retake a class and forward it to the principal for approval.

The following conditions apply to retaking a class:

A. A student who is allowed to retake the second semester of a two (2) semester class may also retake the first semester on an audit basis (no credit).

B. No online classes will be accepted in replacement of high school courses used for an Academic Honors Diploma without administrative approval.

C. When retaking a class for no credit, the word “audit” will be placed on the student's transcript next to the original grade and this will not be figured into the student's grade point average (GPA).
SCHOOL RESOURCE OFFICER (SRO)

Chesterton High School has a School Resource Officer (SRO) assigned to the building by the Chesterton Police Department. The SRO operates under the following:

1. When an administrator so requests, the SRO may assist in any interview, search or other student contact.
   a. The SRO may question or otherwise interact with a student in such cases where the school maintains sole jurisdiction and disposition of the matter.
   b. In all matters to be referred to a Law Enforcement or Court Agency, the SRO will follow existing Police Department guidelines and policy.
   c. When action under subsection a. above leads to information that changes the circumstances so that subsection b. applies, the SRO shall immediately discontinue in assisting the administrator and then proceed under Police Department rules or contact another appropriate Law Enforcement Officer to continue the investigation.

2. Parental notification under 1b. Above will be governed by existing Police Department guidelines and policy.

SECLUSION AND RESTRAINT PLAN

This plan is available in the CHS Administrative Office.

SELLING ITEMS AT SCHOOL

School clubs and school sponsored organizations may sell items before, after, and during school hours only after they have received permission from a school administrator. Individual students may not solicit, sell, or distribute items on school property without permission from the school administration team. Disciplinary action may be taken with students who sell items without permission.

STUDENT AIDES

Students in good standing academically/behaviorally and who have maintained a minimum GPA of 2.0, may volunteer to work in offices, Library Media Center or for teachers. The CHS administration can deny or remove a student from serving as a building aide at their discretion. Students who choose to do so must pick up a form in the Counseling Office, fill it out, have teachers sign, and return to the assistant principal for verification/determination of the student’s eligibility of being an aide. **First semester freshmen are not eligible to be an aide.**

STUDENT DIRECTORY INFORMATION

The Indiana General Assembly has amended the law that governs the release of student directory information of high school students (including NAME, ADDRESS, and TELEPHONE NUMBER, if the telephone number is a listed or published telephone number) to the armed forces of the United States, the Indiana Air National Guard, the Indiana Army National Guard, and the service academies of the armed forces of the United States, for the purpose of informing students of educational and career opportunities. Directories are released October 1 to the official recruiting representative. To be excluded from the directory list, the student, or the parent, guardian, or custodian of a CHS student must submit a signed written request indicating that the student does not want his/her directory information released.

STUDENT RESOURCE TIME (SRT)

Student Resource Time (SRT) is scheduled so that students can: make-up work with teachers, obtain study materials for classes, study for exams, retrieve materials from the library media center, or receive tutorial help from teachers. Students will be required to obtain an SRT pass from the “Receiving Teacher” to be excused from their assigned SRT. Students without a pass must stay in their designated SRT class.

STUDENT RULES/REGULATIONS

All CHS Rules/Regulations are in effect during the school year including summer school and extra-curricular and co-curricular events.

TELEPHONES

Telephones are available for student use at the Main Office.
TEXTBOOK/ CURRICULAR MATERIALS REPLACEMENT
Parents/Students will be charged for the full replacement cost of a Curricular Material that has been lost, stolen, or damaged beyond continued use due to mistreatment, negligence, vandalism or abusive handling.

TRANSCRIPTS
See School Counseling Office, Career Center and Registrar

TRANSPORTATION
All students are encouraged to ride the school buses. However, those students who wish to drive vehicles to school may do so. All vehicles should be parked in the appropriate designated areas. This includes bicycles. Failure to do this could result in disciplinary consequences and/or loss of driving privileges.

STUDENT DRIVERS, VEHICLES
A. Vehicles that are parked on school lots in no parking zones that block other vehicles, or that are parked so as to interfere with the flow of traffic will be ticketed payable at the Chesterton Police Dept., or towed at the owner’s expense.
B. By driving to school, students give school officials implied consent to search their vehicles for anything that may be against the law or school policy, if school official(s) gain knowledge that a student may be in possession of such items.

STUDENT DRIVERS, BICYCLES AND MOTORCYCLES
A. Bicycles should be parked only in bicycle racks, and not chained to fences or parked in any entrance way. Bicycles that are illegally parked will be confiscated by the school until the owner can be identified.
B. Motorcycles should not be parked on the blacktop parking lots. Please park your mopeds and motorcycles near the bike racks outside Entrance 31 and 34. Motorcycles illegally parked will be ticketed payable at the Chesterton Police Dept. or towed away at the owner’s expense.
C. The school cannot assume any responsibility for bicycles or motorcycles parked on school property.

BUS TRANSPORTATION
Bus transportation is provided to all Duneland students living within their school’s attendance boundary and outside the walk boundary for that school. Transportation information including bus number, bus stop location and times are available on the student’s Skyward account. Families are encouraged to use the MyStop application to track their student’s bus location and estimated time of arrival.

‘MY STOP’ APP
The Duneland School Corporation offers a web-based application, My Stop, which will allow parents to access live bus GPS information from the Transportation Department. Parents can access this application using a smartphone, tablet, or computer and securely view the location and estimated arrival time of their child’s bus. Parents can visit their Skyward Parent Access Account to access this link and download the application. More information is posted on your account on how to access the My Stop introduction letter in your student’s portfolio. Please note: Parents will have a separate log in and password for each child in their household.

VISITORS
It is the priority of Chesterton High School to provide a welcoming environment to our guests but also ensure the safety of our students. To facilitate school safety, all visitors to Chesterton High School will be required to report to the Access Kiosk at Entrance 1.

At the kiosk, visitors will be asked for a driver’s license or any form of identification that displays the name and date of birth. The license will be scanned or the data will be entered into the system and a visitor’s pass will be created. Refusal to consent to the security procedures may result in a visitor being refused admittance or, in situations where a threat is deemed, a call to security. All school visits must be pre-arranged through the office.
CTE (PORTER COUNTY CAREER CENTER) STUDENTS

CTE (Porter County Career Center) courses focus on the knowledge and skills necessary to enter into a special career field immediately after graduation from high school. Because of the amount of skill development, these courses are taught in two, three, and four hour blocks of time each day for a year. They are open to juniors and seniors. Students earn 4-6 credits per year. Interested students should contact their school counselor for more information.

Arrangements have been made for CHS juniors and seniors to take courses offered in various locations around Porter County. Duneland provides transportation based on enrollment. Students are restricted to the cafeteria prior to leaving and when returning from Career Center Programs.

WITHDRAWING FROM A CLASS

Students will not be withdrawn from class other than for disciplinary action or administrative discretion. Students are given ample opportunities to change schedules when schedules are completed in the spring. Classes and resources are then determined. No further changes will be made.

WORK EXPERIENCE PROGRAMS

Work Study is a school-to-work program for any senior who wishes to work part-time throughout the school year. Once enrolled in the program, students attend school for a half-day and then are released to go to work. They are hired as entry-level employees and work a minimum of 15 hours per week. Upon completion of the yearlong program, the student will have earned six credits, an income, and valuable experience in the world of work.

Work Based Learning is a program for any senior who wishes to have a real world experience in a career path that they have prepared for. Once enrolled in the program, students are released for one block to go to their assigned place of business. These work-based opportunities allow students to explore areas of personal and career interest, to acquire the skills necessary to be successful employees, and to formulate goals and plans for their futures.

Work Ethic Certification Program is a program for any student who wishes to earn a Work Ethic Certificate from the Center of Workforce Innovations. Students who earn this certificate are able to demonstrate the ‘professional skills’ needed to become a successful student and a future employee. Seniors have the opportunity to earn a Governor's Work Ethic Certification. The employability skills recognized in the Governor's WEC have been vetted by Hoosier employers, community based organizations and post-secondary education institutions and are designed to encourage students to meet the benchmarks that will assist them in their college or career goals.

PRE-VOCATIONAL - Juniors and seniors in any Special Education programs may enroll in PVE, attend regular classes in the morning, including Career Education or Consumer Education, and then be released to go to their worksite in the afternoon. The class is open to students who demonstrate academic and/or financial need, along with approval from the PVE Coordinator, counselor and parents. Students must have a job to earn credits.

WORK PERMITS

Work permits are available in the attendance office. Students under the age of eighteen must have a work permit to be legally employed. Students must have at least a minimum of 2.0 grade point average for the quarter and an attendance record in good standing to obtain a work permit. (IC 20-33-3)

CHILD NUTRITION SERVICES

Duneland School Corporation Child Nutrition Services is on a debit system for payment of breakfast and lunch. Deposits can be made during the serving time or whenever a staff person is available. When sending in payment, please send checks and not cash if possible, for better accountability. When submitting checks, the whole amount will be deposited as change cannot be given back per guidelines. If a parent has two or more children in the same school, one check can be written and noted how much money should go into each child’s account. Students will be notified when the account is low or at zero. A parent may request a statement of their student’s account at any time. Meal prices for breakfast and lunch will be posted at registration.
MYPAYMENTSPLUS (PREFERRED AND RECOMMENDED)
Duneland School Corporation offers MyPaymentsPlus, a state-of-the-art online service that provides you the convenience and information you need to manage your student’s meal account. This system speeds up serving lines in the cafeteria, eliminates the need to send physical payments to school or worry about lost or forgotten lunch money and ensures that your child will receive a nutritious meal. At no cost, MyPaymentsPlus allows any family to: Create a FREE, secured account to manage all your student’s accounts, check your student’s current account balance, and create settings to receive email notifications when the account reaches a low balance. Also, at no cost, MyPaymentsPlus allows any family to make a prepayment into your student’s meal account using a check, credit card, or debit card at www.MyPaymentsPlus.com or by calling 866-441-9125. Funds deposited through MyPaymentsPlus are usually available for student use within a matter of minutes. Create settings to automatically replenish your student’s account when it reaches a low balance. The Duneland School Corporation encourages all parents (even if you do not prepay for your student’s meal account) to create an account at no cost through www.MyPaymentsPlus.com. To create a new account, follow the on-screen directions and register your student using their Student ID number. Student ID numbers can be obtained by contacting customer support at: 1-877-237-0946.

BREAKFAST AND LUNCH
Breakfast and Lunch is served at all schools on all days school is in session. The menu is posted in the cafeterias, in the DuneNews and on the Duneland website. Items may be purchased as a meal or separately at an additional price. Items are available to purchase for snack time.

CAFETERIA CHARGING POLICY
Students attending Corporation schools who do not have funds in their account or on-hand to cover the cost of their meal at the time of service are treated consistently, parents of students who charge meals are notified when a student charges a meal, and efforts are made to collect the charges. Significant negative lunch account balances shall not be permitted. If a student has a significant negative lunch account balance, s/he shall be provided a regular reimbursable meal that follows the USDA meal pattern, the cost of which shall continue to accrue to his/her negative lunch account balance. Any significant negative lunch account balance will be pursued for collection. Students are not permitted to charge ala carte items.

FOOD ALLERGIES AND/OR MEAL ACCOMMODATIONS
Students who require meal accommodations should contact the Child Nutrition Director at (219) 983-3723.

EXTRACURRICULAR ACTIVITIES
WHAT’S GOING ON AROUND HERE?
There are lots of things to do at CHS besides going to classes. There are clubs, music groups, athletic events, plays, student council meetings and dances. There are things to do for people who like to sing, argue (we call it debate), bowl, yell, swim, paint, act, usher, write, nail and saw, operate TV cameras, speak foreign languages, or work in a radio station.

In fact, there are so many things going on at CHS in what we call the activities program that we’re sure there’s something that you’d find interesting. You don’t have to be an expert to participate—in many activities desire is the most important thing. So if you’re not the best, join anyway - after all, the basic purpose of a school is learning - and no one ever said you can only learn in the classroom.

To help you find out what’s going on at CHS, the following pages contain descriptions of the various co-curricular and extracurricular activities, including what the activity is about, who can participate, when it’s going on, and who to ask about details. As the various activities begin, the morning announcements will carry reminders.

Take some time now to at least look at the titles of the various activities as they are listed in this booklet. If some sound interesting, read more about them—and if you’re still interested, try them—might just be the kind of activity you’re looking for.
PHILOSOPHY OF CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES

It is the belief of those concerned with the development of youth, that membership and participation in co-curricular and extra-curricular activities have a positive effect in the development of constructive attitudes for citizenship and life skills.

The co- and extra-curricular phase of the total educational program in an area in which leaders of youth have a unique opportunity to instill desirable qualities, among which may be principles of justice, fair play, good sportsmanship, respect for rules and authority, respect for others, respect for one’s own health and physical well-being, development of leadership, group pride, team work, self-discipline, and self-sacrifice.

It is the position of Duneland that participation in co- and extra-curricular activities is a privilege extended to individuals at Chesterton High School who have the ability to perform and the character to conduct themselves in the proper manner. When students choose to participate in co- and extra-curricular activities at CHS, they place themselves in the public eye. Participants are expected to behave at all times in a manner which portrays a positive image of themselves, the team, the school and the community.

Therefore, it is important that participants and their parents or legal guardian be aware of the philosophy and rules and regulations under which they will be given the opportunity to participate. As a prerequisite to participation, all students involved in co-curricular and extra-curricular activities will be required to file a form signed by parent/ or legal guardians and participant indicating that they have read and agreed to the rules and regulations governing their participation. The rules and regulations shall be enforced throughout the calendar year.

GOALS FOR PARTICIPATION

The activities program at CHS is one which encourages participation in a multitude of varying activities and then allows for commitment and excellence.

In addition, the activities program is designed to provide the student with the following opportunities:

- To develop skills, interests, and talents beyond the classroom experience.
- To apply what has been learned in the classroom.
- To have experiences not commonly associated with the classroom such as team performances and public demonstrations of skills or talents.
- To grow through competition with others, learning to accept and/or share defeat as well as victory.
- To learn how to work with others, to interact, to give and take, to make group decisions and bring about change.
- To excel and/or be recognized for even the attempt at striving for excellence in a self-chosen endeavor.
- To develop self-confidence, to take responsibility for one’s own behavior as well as for the behavior of the group, to respect others and to develop self-respect.
- To grow in the ability to accept criticism, to follow directions, to evaluate choices and make decisions and then follow through on those decisions.
- To enhance student/staff relationships.
- To involve the community in the life of the school.

Students and parents should carefully consider choices and priorities as the student progresses through school. These choices may become difficult as the required level of participation increases.

GUIDELINES FOR PARTICIPATION

It is important that participants and their parents or legal guardians be aware of the philosophy and rules and regulations under which they will be given the opportunity to participate. These rules and regulations shall be enforced throughout the calendar year for the following activities; academic competition, athletics, class offices, cheerleaders, clubs, drama, forensics, music, National Honor Society, Student Government and all other school events, competitions or performances. All competitions are considered extracurricular and are subject to the Positive Life Program.

Some activities have membership requirements—such as a grade point average, standard for membership in the National Honor Society, the ability to play an instrument, to be in the marching band, and so on. But, with few exceptions, which are noted in the descriptions, the basic requirements for participation in any activity are desire and interest.
All student activities are carried out under the basic rules and regulations of the high school, and those participating are expected to follow the established guidelines, even if the activity takes place after school or on a non-school day. These basic rules and regulations are given to each student as part of registration. It is the responsibility of the sponsor to see that those in the activity stay within the guidelines. Violators will be dealt with by the school administration.

In addition, some activities have rules and regulations of their own. Specific guidelines for these activities are given to each participant and violators are dealt with jointly by the sponsors and the school administration.

Students must attend school all day on the day of a contest or practice in order to participate in the event unless permission is granted for unusual circumstances by an administrator. Students must be in school on Friday in order to participate in weekend events unless excused by an administrator.

CO-CURRICULAR AND EXTRA-CURRICULAR SOCIAL MEDIA POLICY

As an educational institution, Chesterton High School, supports and encourages the rights of individuals to free speech. However, student-athletes and those participating in extra- and co-curricular activities should be concerned with any behavior that might embarrass themselves, their families, their teams, their community and/or Chesterton High School. This includes any activities conducted online through social networking sites (i.e. Facebook, Instagram, Snapchat, podcasting, blog sites, You Tube, Twitter, or chat rooms among others). This also includes the practice of sexting which is a term coined by the media that generally refers to youth writing sexually explicit messages, taking sexually explicit photos of themselves or others in their peer group, and/or distributing these photos. Participation in athletics and extra- and co-curriculars at Chesterton High School is a privilege, not a right. Students at Chesterton High School, you are a representative of the school and the community, and as such, you are always in the public eye. This fact places certain additional demands upon how you must live your life. Keep the following guidelines in mind as you participate in any of the aforementioned public media:

1. Before participating in any online community, understand that anything posted online is available to anyone in the world. Any text or photo placed online is completely out of your control at the moment it is placed online—even if you limit access to your site.
2. You are not to post information, photos, or other items that could embarrass you, your family, and your team, your club, the Athletics Department or Chesterton High School. This includes items that may be posted on your page by others.
3. You should not post your address, phone numbers, birth date, or other personal information.
4. Exercise caution as to what information you post on your website about your whereabouts or future plans.
5. Be aware of who you add as a friend to your site. Many people are looking to take advantage of student-athletes or seek connection with student-athletes to give them a sense of membership on a team.
6. Coaches, sponsors, and athletic department administrators can and do monitor these websites. Disparaging remarks about teammates, coaches, or school officials can serve as grounds for suspension from competition or dismissal from teams, as well as possible legal ramifications.
7. Students participating in extra- and co-curriculars and athletics will face disciplinary measures for violation of team/club policies, athletic department policies, state association guidelines and/or state and federal laws. Any admissions of conduct in violation of any of these policies or laws found on a student’s website will subject him or her to disciplinary measures. Any depictions of conduct in violation of any of these policies or laws found on a student’s website will be subject to a full investigation.

Also keep in mind that local police or sheriff’s offices or other law enforcement agencies may check these websites regularly. Be cognizant of the fact that many employers and colleges also monitor these sites. You should be aware that any information posted on these websites may prevent you from obtaining a job or prevent you from attending the college of your choice.
SCHOOL TRAVEL POLICY
CHS participants in extracurricular and co-curricular activities are required to travel to and from all school sponsored activities, contests, and special events in school vehicles, under adult supervision provided by the Duneland School Corporation. Students may be released to parents for extraordinary circumstances by submitting a request to the coach, sponsor or director in writing 48 hours before the event. The request will be reviewed.

INTERSCHOOL ATHLETICS
Interschool athletics is maintained in ten sports for boys and nine sports for girls at CHS. Most sports have three teams:

1) Freshman, in which participants show interest and desire coupled with a basic ability but little experience,

2) Junior - Varsity, in which participants do not yet demonstrate varsity level ability, but are gaining experience, and

3) Varsity, in which participants have the best ability and/or the greatest amount of experience.

While all members of freshman teams are freshmen, JV and Varsity teams may include students from all four grades any student may play at the level where he/she can play at his/her best. Below is a list of the sports in which we compete interscholastically, the number of games or meets per year, the approximate dates of the season and the levels of teams. (Normally, the JV and Varsity teams play about the same number of games, with the freshman playing less.)

Students must request assignments from their teacher in advance if they are going to miss a class for a performance, scheduled contest, program or trip.

Students should make special arrangements for such assignments with the teacher involved in order to be eligible to participate in the event.

ELIGIBILITY
Regular attendance at school is required of all participants. Students must attend school all day at CHS on the day of a contest or practice in order to participate in the event unless permission is granted for unusual circumstances by an administrator. Students must be in school on Friday in order to participate in weekend events unless excused by an administrator. Coaches/sponsors should contact the administration on Friday for approval.

Extending IHSSA regulations to all activities, high school students must have received passing grades at the end of their last grading period in school in at least five full credit subjects or the equivalent and must be currently passing in at least five full credit subjects or the equivalent in order to be eligible to participate in the event.

The ultimate responsibility for maintaining eligibility (behavioral and academic) rests with the individual student. It will be the responsibility of each coach, sponsor, and/or faculty advisor to determine and report to the student, parents and administration that each student under his/her charge complies with the standards set forth in this handbook.

Soccer (JV, Varsity only); 14 matches; Aug.-Oct.

ATHLETIC SUPPORT GROUPS

CHEERLEADERS promote school spirit and represent the school at a variety of activities, especially athletics. There is a Maroon Squad and a Gold Squad.

Any student interested in cheerleading must attend the tryout clinic plus audition before the cheerleading coaches. Those chosen must maintain a high standard of conduct. Cheerleaders follow the IHSAA eligibility rules.

The cheerleaders attend a cheerleading clinic and have regular practice sessions during the summer. Beginning in August and lasting through March, they practice one or two nights a week. During the same period, they are expected to attend all games required by the coaches. Other activities may need to be attended, such as sign painting sessions, throughout the year.

INTRAMURALS All students are eligible to participate except students currently under suspension or students actively engaged in an organized CHS sport during that sport's season. (Example: if you are playing varsity basketball you cannot play intramural basketball during that same time period.) No student should hesitate to come out for intramurals. A fee is charged for each sport to partially defray expenses, including trophies. A lane fee is charged for bowling. All events are supervised and refereed. The specific rules governing participation are explained at the beginning of each season and only students who feel they can abide by the rules should remain out for the sport. Conduct at intramurals will be treated the same during the school day.

The following is a tentative schedule. Most sports meet twice each week, either immediately after school or in the evening:

Co-Ed Basketball; evenings during the third quarter
Co-Ed Volleyball; evenings during the fourth quarter
Weightlifting; 2-3 times weekly; aftemoons, Nov-Dec

Contact the coach of each sport as it is announced. NOTE: Conduct at intramurals will be treated as if a part of the regular school day.

ACADEMIC COMPETITION

Many scholastic competitions involving the subject areas of art, computers, English, foreign language, etc. are available to students of varying academic abilities at every grade level. The CHS faculty enthusiastically encourage students to participate and be involved in these academic events. Throughout the school year the Duneland Academic Conference in union with the IACE (Indiana Competitions for Excellence) sponsors and supports many of the competitions available to CHS students. Descriptions of some of the key competitions are as follows:

DECATHLON is a nationally organized competition consisting of ten events. Six are multiple choice tests in math, science, economics, language and literature, social science, and fine arts. Additionally, students perform a prepared and an impromptu speech, write an essay, and are interviewed by a panel of business persons. The final event—Super Quiz—is a scholastic relay on the theme topic for the year. A high school team must include nine students: three A (honors), three B (scholastic), and three C (varsity). On an individual level, students compete for awards only against students in his or her level. Local and regional competitions in December and January send the top twenty statewide teams to the prestigious two-day state finals in February at Purdue. The team winning state represents Indiana in April at Nationals vying for scholarship money and nationwide recognition.
ACADEMIC SUPERBOWL is a local and state competition involving five member teams of students from all grade levels. Teams in math, science, social studies, fine arts, English, and all around compete in twenty question rounds in each subject area. All questions are related to a theme topic for the year. Teams and not individuals are recognized as winners in this competition. Subject area teams can advance from local and regional competition to the state finals in Indianapolis. Winning teams at state are recognized statewide by IACE and sponsoring business organizations.

CODING CLUB is a group for students interested in using computer code to create video games. Members meet on Thursdays after school in the Computer Programming lab. The group supports the integration of computer science in the K-12 curriculum by promoting and participating in Computer Science Education Week.

SPELL BOWL is a local and state competition involving a team of ten students from all grade levels. Teams compete to compile the most words spelled correctly. Each student acts individually on a different set of words. Teams can advance from local and regional competition to the state finals in Indianapolis. Winning teams are recognized statewide.

QUIZ BOWL is a local scholastic competition among members of the Duneland Academic Conference. Participating schools meet in team competition to answer questions taken from all academic disciplines. A buzzer and light electronic lock-out system is used to determine which team gets the first chance to answer questions. There is emphasis placed on the ability to quickly recall information. Opportunity exists for competition at both the Varsity and Junior Varsity levels. The teams with the best records in conference play may advance to a state-wide tournament of champions. The CHS Quiz Bowl team enters other tournaments when possible. The team also participates in the Knowledge Master Open two times a year. This is a worldwide competition which involves answering multiple choice questions presented on a computer disk.

MATHEMATICS COMPETITION involves students of high ability in mathematics and span national, state and local competitions. Indiana Math League, American Mathematics Competition Exam, American Invitational Mathematics Exam, U.S. Mathematics Olympiad, MATHFAX, and Trig STAR are among the competitions that take place at various times throughout the school year. Awards and local, statewide, and national recognition are given to outstanding individuals and teams.

SCIENCE OLYMPIAD is a nationally recognized competition that allows the teams to compete in a variety of science endeavors. All Science topics are covered at some point during the competition. The team members can choose their events and their favorite science topics. The events include building events that will allow the team members to compete against other teams, lab based events and test based events.

THEATRE provides opportunities for you to express yourself as no other medium can. As an actor, actress, or technical support person, you will create new and interesting people who live in as many settings as the mind can imagine. Your creations will give audiences cause to laugh, cry and reflect on life. Theatre productions include comedy, serious drama, music and a combination of the three. Each production requires many hours after school. The production company works very hard to present performances that are unequaled. The work is fun, frustrating and fulfilling.

Watch and listen for announcements of tryouts. When they are made, contact the Production Director or the Theatre Director for details of the production.

The COSTUME CREW creates costumes based on the time, setting and mood of the play. Certain productions will be costumed entirely by you while others are rented from theatre houses. Those that you create will require you to know a little about sewing. They will also put your imagination to work as you develop clothing for so many people of different places and times. Costumes that are rented from major costume suppliers will give you an opportunity to see and work with other people’s ideas.

The MAKE-UP CREW transforms the young into the aged. Battle scars adorn players as make-up artists place base, grease and powder on the actors. Each play, every scene, requires some kind of make-up. Make-up adds to what the audience is asked to believe. It is the final “mask” for the actors to use in their performances.

A stage can be completely dark and still be considered to be “lit”. The LIGHTING CREW, as all crews, must be totally aware of the play’s intent to determine when light and dark are most appropriate. However, lighting is more than just turning on lights. It is a feeling for when to turn them on; where to place them for the best effect; how many to use in a certain scene; what intensity to use and what colors to place on instruments. A performance is polished by the setting and use of lighting. An empty stage can become a massive castle, a small home, a field or an ocean as the CARPENTERS build sets.
You will use wood, styrofoam, metal, glass, anything that can be put together to form an illusion. Everything that is done by the carpenters is determined by where we want the audience to think the actors are as they play their parts. A set can be as little as a single board painted as a sign to a stage filled from side to side, front to back, with intricate pieces in elaborate detail. Whichever it is, the carpenters lay out the plan and build the set as their contribution to the total production.

**USHERS** are the vanguard of a performance. You set the atmosphere for our audience. You will let our patrons know that we are pleased to have them as guests for the evening. You are their first impression of the efforts we have taken for their enjoyment.

**INTEREST GROUPS**

**BUSINESS PROFESSIONALS OF AMERICA** is dedicated to the development of interest and competencies in business occupations. Members of this national organization attend meetings and compete with other area schools in business-related contests including interview skills, presentation events, and computer contests. District-level contest winners advance to an annual state conference in Indianapolis in the spring. Members raise their own funds to help finance these events and, when possible, provide scholarship money to our own senior members of BPA. Any student may join BPA, and several colleges recognize membership and achievements in the form of scholarships.

**CLUB EARTH** is an extracurricular activity that encourages students to become active participants in the natural world. The group stresses education, stewardship and hands-on experience. Activities include environmental restoration work, habitat cleaning, meeting with environmental activists and much more. All students interested in helping to care for the natural world are encouraged to join.

**CREATIVE WRITERS** have a common interest in that they like to write their own prose and/or poetry. Members attend get-togethers every week or so to exchange viewpoints and comments about each other’s writing. The final result of their work is a publication which contains the works of many students, including most of the club members. The book also contains art work and samples of student photography. Any student who enjoys expressing him/herself using the written or artistic media should consider joining the Creative Writers.

**WDSO-FM** is Chesterton High School’s own educational FM station. The station serves a 90 square mile area broadcasting throughout the Duneland Community and in the nearby communities of Portage and Valparaiso. WDSO-FM supplies up-to-the-minute news, weather, sports coverage, music, special features, and live coverage of major Duneland sports activities. Students are involved in all phases of broadcasting and broadcast management.

**INTERACT CLUB** is a nonprofit, volunteer organization that meets 2-4 times per month. The club takes on fundraisers that benefit various causes. The club also puts on tournaments and fun events throughout the school year to benefit these fundraisers. Students learn the value of service over self throughout the school year. Interact club is great volunteer experience and looks great on college applications and resumes. Anyone is eligible to join; all are welcome!

**CHS ART CLUB** consists of High School students who love the Arts and cannot seem to get enough of them throughout the school day. Art Club projects and activities range from year to year. All projects are rooted in student exploration of new media and processes, and always focus on individual creativity. Students are asked to work collaboratively as a team on various projects such as: set designs for the theater department, participating in exhibitions and contests, creating items for auction for local organizations, as well as beautifying our school and community. Meeting dates are posted in the announcements. New members are always welcome.

**FOREIGN LANGUAGE CLUBS** share a common interest in a language not commonly spoken in our country. The clubs study the social customs of their respective countries, putting their study to practical use during holiday seasons. Each club meets about once a month. The clubs raise funds for their own activities.

The **FRENCH CLUB** is a social organization which is an extension of the classroom in which students participate in many activities including fundraising for a trip to France and various other club sponsored parties. Activities include celebrating Mardi Gras, Christmas a la francaise, enrichment trips to Chicago to eat in French restaurants, see French films, and visit French cooking schools.
The GERMAN CLUB (Deutschklub) is a large group of approx. 75 students that share a passion for all things German! Input from German Club members is always used to determine club activities, but some of the traditional events are: participation in the fall Homecoming Parade, Movie Night, Oktoberfest Party, Chicago Christkindlmarkt trip, Gingerbread House building at the holidays, tutoring help, and the annual World Language Olympics & Picnic. The German Club was the co-champion of the first ever World Language Olympics! We also love doing events with our other World Language clubs! German Club also does fundraising to contribute to the foreign language scholarship fund, and individual members can also raise money to help pay for their trip to Germany with our annual GAPP (German American Partnership Program) Exchange.

The JAPANESE CLUB has taken trips to the Japanese Mall, restaurants, the Art Institute, and a Buddhist temple in Chicago. In addition, the club held traditional end of the year parties and hosted a Japan Festival for middle school students. Preparations are now being made for a trip to Japan.

The SPANISH CLUB uses its funds to send students to Spanish speaking countries during the summer, visits Spanish restaurants, has many cultural events during the year, gives senior Spanish club members scholarships for college, plus many class projects.

The NATURAL HELPERS program is based on the premise that adolescents seek help from their friends before they turn to other sources. Within each circle of friends and acquaintances there is often an individual whose sensitivity, fair-mindedness, and ability to listen are recognized by peers. By means of a school-wide survey, the Natural Helpers program seeks out such individuals and offers an intensive training retreat to enhance the skills of those students, faculty and staff who are perceived as “helpers” in the school community. During this retreat, the participants learn about time management, genuine communication with themselves and others, the significance of trust in relationships, and knowing their own limitations as helpers. They are taught how to cope with various problems and crisis situations and are given information about resources available in the Porter County area. Upon their return to Chesterton High School, the participants share knowledge and new insights with their friends and acquaintances. A “ripple effect” occurs as Natural Helpers work within their own circles to make the school a safe and caring community.

MUSIC

WIND ENSEMBLE (Advanced Concert Band) is the advanced concert band and meets for one 90 minute block period. All band members are accepted after ensemble auditions in the spring semester. Uniforms are furnished, and large instruments may be rented from the school. Instruction focuses on the techniques of playing, and members learn standard and contemporary works of music suitable for concert performance. Rehearsal and practice time outside class is required to prepare for concerts and contests.

SYMPHONIC BAND (Intermediate Concert Band) is the beginning-intermediate concert band and meets for one 90 minute block period. All band members are accepted after ensemble auditions in the spring semester. Uniforms are furnished, and large instruments may be rented from the school. Instruction focuses on the techniques of playing, and members learn standard and contemporary works of music suitable for concert performance. Rehearsal and practice time outside class is required to prepare for concerts and contests.

ADVANCED INSTRUMENTAL ENSEMBLE is a group of advanced percussion students accompanying the Wind Ensemble for performances throughout the school year. This group also performs as a percussion ensemble with varying genres of percussion repertoire and as soloists for ISSMA Solo and Ensemble contest. Students are placed in Advanced Instrumental Ensemble by audition in the spring semester.

INTERMEDIATE INSTRUMENTAL ENSEMBLE is a group of intermediate percussion students accompanying the Symphonic Band for performances throughout the school year. This group also performs as a percussion ensemble with varying genres of percussion repertoire and as soloists for ISSMA Solo and Ensemble contest. Students are placed in Intermediate Instrumental Ensemble by audition in the spring semester.

JAZZ BAND is a group of 18-25 high school musicians who study America’s unique style of music known as “Jazz.” The band performs in local concerts, as well as jazz festivals, competitions, and concerts around the Midwest. The jazz band looks forward to performing each year with a big-name jazz artist at the annual All That Jazz concert at CHS. The band practices and performs during and after school and on several weekends through the spring. Auditions are held in the spring, or by special appointment with the director.

ADVANCED ORCHESTRA meets for one block period all year. This group learns the techniques of playing string instruments and studies the music performed by symphonic orchestras. In addition to class time, the orchestra performs in concert several times during the year and members should anticipate as much as 30 evening hours spent outside of class in technical rehearsals and concerts. Auditions are required and are held by special arrangement. Instruments may be rented from the high school Music Department.
INTERMEDIATE ORCHESTRA meets for one block period all year. This group learns the techniques of playing string instruments and studies the music performed by symphonic orchestras. In addition to class time, the orchestra performs in concert several times during the year and members should anticipate as much as 30 evening hours spent outside of class in technical rehearsals and concerts. Auditions are required and are held by special arrangement. Instruments may be rented from the high school Music Department.

CONCERT CHOIR is a mixed choir for Freshman and Sophomores or new members to class choir. Four performances per year are given with 2-4 extra rehearsals.

BEL CANTO is a women’s ensemble for Sophomores through seniors and meets as a class for one 90 minute block period all year. During class time, attention is given to techniques of group singing and to various types of vocal music suitable for ensemble singing. There are four concerts per year with additional after school rehearsals, ISSMA Solo & Ensemble Contest Participation and participation in the ISMAA Spring Organizational Contest. Admission by audition only and permission of the directors.

CAMERATA is a mixed ensemble for Juniors and Seniors and meets as a class for one 90 minute block period all year. During class time, attention is given to techniques of group singing and to various types of vocal music suitable for ensemble singing. There are four concerts per year with additional after school rehearsals, ISSMA Solo & Ensemble Contest Participation and participation in the ISMAA Spring Organizational Contest. Admission by audition only and permission of the directors.

DRIFTERS is a girls’ show choir (9-12) who present programs of currently popular vocal music. The activities include performance camps, competitions, and concerts at high school and community functions. Members may spend as much as 250 hours after school each year in rehearsals and performances including Madrigal Dinners. Acceptance is by audition only and permission of the director.

SANDPIPERS is a mixed show choir of students who present programs of currently popular vocal music. The activities include performance camps, competitions, and concerts at high school and community functions. Members may spend as much as 250 hours after school each year in rehearsals and performances including Madrigal Dinners. Acceptance is by audition only and permission of the director.

TROJAN GUARD Marching Band concentrates on the performance of competitive field shows and has won State and National Marching Band Championships. The Trojan Guard involves almost 100 students from the CHS Band program, including wind players, percussionists, and color guard members. The band regularly performs at CHS football games, parades in northwest Indiana and Chicago, IL, and competes across Indiana in the ISSMA Scholastic and Open class circuits.

COLOR GUARD (AUXILIARY) is a marching unit that accompanies the “Trojan Guard” marching band in parades, field competitions, and during football games. It meets as a class during the first semester. The Color Guard is chosen from all grade levels, and the major requirements are interest and attitude. Auditions are held each spring in April.

COMPUTATION UNIT is a class devoted to the development and enhancement of advanced color guard skills through competition. These skills include the use of rifles, sabers, and flags while performing the body skills of traditional and contemporary dance. Members are selected by audition from those students performing with the Auxiliary Unit of the “Trojan Guard” marching band which meets during the first academic quarter. The group competes in Indiana from February to April as part of the Indiana High School Color Guard Circuit and a national level with Winter Guard International. Rehearsals are two nights per week with competitions on Saturdays.

NATIONAL HONOR SOCIETY

NATIONAL HONOR SOCIETY is an organization of national scope designed to recognize outstanding high school students. Only juniors and seniors are eligible for membership, which is based on academic achievement and teacher evaluation of character, leadership and service.

Invitations to apply for membership are extended during the second semester of the junior year to all juniors and seniors who at time have a cumulative grade point average of 3.200 or higher.

Final selections are made by the NHS Faculty Council considering the applicant’s scholarship, character, leadership, and service.

For a number of years, the National Honor Society has raised money from a variety of fund-raising projects to award scholarships to NHS graduating seniors and to contribute to worthwhile causes in the Chesterton community. In addition, NHS members provide a tutoring service in all academic areas at all high school levels benefiting many CHS students.

Sponsoring the Fall homecoming dance, participating in the Christmas Food Drive, helping at Registration, and ushering at commencement are other ways that NHS members try to help their school and community.
PUBLICATIONS

NEWSPAPER STAFF members publish SANDSCRIPT, and in the process, learn what is involved in gathering and preparing news for publication. Students gather all information, write and copy/edit stories, lay out and paste-up pages, sell advertising, and proofread final copy on pages. Staff members must be willing to accept responsibility and carry out assignments. While some positions on the newspaper require only the recommendation of an English teacher and permission of the advisor, editor candidates must have completed 1-4 semesters of journalism and filled out an editor application. The staff enrolls in a course which meets one block every other day each semester for one credit in Communications. In addition to in-class time, the staffers can expect to sometimes spend time after school, on weekends, during school year extended breaks, and during summer vacation working on the newspaper. Photographers are required to attend sporting and other events if they are assigned to these events. Knowledge of the use of computers is definitely a plus.

YEARBOOK STAFF members publish SINGING SANDS, and in the process, learn magazine and book production techniques. Staff members do all of the preparation, from selling advertisements and subscriptions, to designing the cover and pages of the book, to arranging for all photography to be used in the book, to gathering all the information to be used as copy in the book. In addition, staff members must also write headlines, captions, and body copy, lay out pages, and index them, among other duties. Staff members must be willing to accept responsibility and carry out assignments. While some positions on the yearbook require only the recommendation of an English teacher and permission of the advisor, editor candidates must have completed 1-4 semesters of journalism and filled out an editor application. The staff enrolls in a course which meets one block every other day all year for two credits in Communications. In addition to in-class time, the staffers can expect to sometimes spend time after school, on weekends, during school year extended breaks, and during summer vacation working on the newspaper. Photographers are required to attend sporting and other events if they are assigned to these events. Knowledge of the use of computers is a plus.

QUILL AND SCROLL to the thousands of student journalists serving on school magazine, newspaper, and yearbook journalism staffs, high school journalism is no mere educational fad and frill. It is, on the contrary, a highly fascinating intellectual adventure, a challenge to the mind, and a discipline to the hand. The appeal to journalistic activity is broad, and it is estimated that the field comprises more than 30,000 publications in addition to broadcast activities.

From the heart of this widespread interest in scholastic journalism, two nationwide movements of importance have developed: 1) the organization of state, regional, and national scholastic press associations from coast to coast and 2) the organization of QUILL AND SCROLL, the International Honorary Society for High School Journalists.

Quill and Scroll directs its focus to the individual staff member, rather than the publication as a whole. Quill and Scroll seeks 1) to encourage individual initiative in high school creative writing and journalism, thereby enabling the individual to contribute greater skill to the journalistic endeavor and 2) to recognize and reward the individual achievements of students engaged in journalistic activities.

It is in CHS’ Kathryn Elizabeth Pokorny Chapter that the member learns the ethical ideals of journalism which are inculcated by the Society and which are expressed in the initiation ceremony as an “obligation” that will fall to a person in professional life even as it does in this smaller realm.

Membership in an honorary journalistic society offers tangible benefits, particularly where the organization is national or international in scope as is Quill and Scroll. Sometimes such membership is the deciding factor, where other qualifications are equal, which enables a candidate to obtain a position on the staff of a college publication. Again, membership is usually among the first qualifications presented in applying for a college or for competitive scholarships, where qualifications are based both upon scholastic standing and personal qualities of leadership.

Composed as it often is of the natural leaders of the student body, the Kathryn Elizabeth Pokorny Chapter of Quill and Scroll seeks to elevate publication standards, to promote publication research, and to improve the standards of instruction and learning in high school journalism.
SERVICE GROUPS

STUDENT AIDES perform many support services for CHS. Depending on the area, aides are called upon to deliver passes, telephone messages, address envelopes, guide visitors, staple, fold, stamp and in countless other ways keep the gears of CHS well oiled.

Aides may assist during any block in which they do not have a scheduled class. Only students who are dependable are chosen as aides. If you are interested, talk with the faculty member or secretary in charge of the area where you would like to be an aide. Students must have and maintain a minimum GPA of 2.0 and be in good standing academically and behaviorally. Students must be second semester freshman or above before applying.

CLASS OFFICERS

CLASS OFFICERS lead the activities in their respective classes. Ordinarily, the officers elected are President, Vice-President, Secretary, and Treasurer. Sophomore, junior, and senior class officers are elected during the spring, while freshman class officers are elected in the fall. Interested candidates file petitions for the office, and following a poster campaign and campaign speeches, the class votes for its officers. Campaigns are supervised by the Student Elections Committee. Any student who is passing at least five solid subjects and is in good academic and social standing is eligible to run for office; but to be effective, the candidate must be willing to spend hours in planning and working with classmates. The job takes not only interest but also enthusiasm and dedication.

The activities of the classes vary from year to year, but usually each class builds a float for homecoming. Each class is responsible for earning the money to finance its float. The junior class sponsors the prom to which the seniors are invited as guests. The senior class officers guide the class through the many activities associated with graduation, such as selection of color for caps and gowns, color and type of flower, and decisions concerning commencement arrangements.

STUDENT GOVERNMENT is a leadership and service organization that represents the student body. The executive board consists of: President, Vice President of Student Affairs, Vice President of Event Planning, Vice President of Public Relations, Treasurer, Parliamentarian, and Administrative Assistant. Each class is represented by 4 Senators that are elected by the student body in the spring. The House of Representatives meets monthly and consists of representatives from every club and sport at CHS.

ROYALTY CANDIDATES are to be in good standing academically and behaviorally.

SPEECH AND DEBATE activities center around meets between our teams and those from other schools, as well as participation in local speech contests. There are three major areas with subdivisions: speech has both novice and varsity levels; debate has novice, sub-varsity and varsity; and congress has only one level for all participants.

It is not necessary to have had experience in speech and debate in order to be on one of the teams. The only things we ask of a non-experienced student are interest and desire. Speech and debate is one of those areas to which one can devote a lot of time or a little time. Obviously, the more time spent in practice and attending meets, the better the student becomes. Coaches are available each night after school from approximately 2:45-5 p.m. It is also possible to meet a coach by special arrangement during non-class times during the day. Practice meets are held on Saturdays. Unfortunately, many of the Saturday meets are held some distance from Chesterton, and it is not unusual for the teams to leave the school at 4 a.m. and return some twelve hours later (the teams travel over 4000 miles annually). Transportation is always furnished, and the teams are always accompanied by faculty coaches and/or parent judges. Team members must pay for their own meals and travel expenses.

Our speech and debate teams are known throughout the state (and nation) for their excellence. Our debaters have won 16 state championships. Since 1971 more than 100 speech and debate students have qualified for the national tournament. Six students have won national championships. Since 1982, Chesterton has placed in the top ten at the National Speech and Debate Tournament, and has been the National Speech and Debate Champion for 1989, 1990, 1991, 1992 and 1993. The team has also won the prestigious Bruno E. Jacob Trophy for cumulative success twice in the last seven years. No other school in the nation has accomplished this feat.

TEACHING-CADET TEACHING

Seniors who are interested in becoming teachers have the opportunity to work as Cadet Teachers in Duneland's elementary and intermediate schools under the supervision of a licensed teacher. Students who apply for Cadet Teaching must be in good standing academically, have exemplary attendance and can have no major discipline concerns. See your counselor for more information.
ATHLETICS

ATHLETIC DEPARTMENT
A quality educational program recognizes the whole person and logically should provide opportunities and activities encompassing both intellectual and physical development. Athletics serve as a means of teaching cooperation, tolerance, teamwork, sportsmanship, lifelong physical fitness and the acceptance of winning and losing as part of living, and should have a definite place in the total educational program. Playing field, gymnasium and pools are considered laboratories where values taught and learned in the classroom can be tried and tested.

Athletics intend to instill in students self-discipline, self-control, dedication, determination and an avenue through which students learn to interact with other people in a positive manner.

Regardless of which sport or activity students participate in during their education; hopefully, they will learn from these experiences “THE THREE P’s”.

PURPOSE - Instills the belief that our lives have meaning. Purpose rebuilds our faith in ourselves which, in turn, helps us overcome obstacles and explore new horizons and move ahead with confidence.

POSITIVE THINKING - Provides us hope and the ability to look at the bright side of situations. This enables us to rid ourselves of imaginary self-imposed limitations and develop a “can do” attitude toward life.

PRIDE - Makes us feel good about ourselves, the team we participate on, the organization we work with and the community in which we live. We accomplish more with a feeling of dignity and self-respect.

The athletic program at Chesterton High School places emphasis on developing the individual by providing a broad program of athletic activities and wholesome competition, with appropriate equipment and facilities and competent supervision and coaching. Any individual who is capable and willing to meet the standards of the program is provided the privilege to participate. Athletics should provide a meaningful educational experience for all those involved.

Proper administration of the athletic program is essential to insure the well-being of the athlete and the maintenance of an educational program. The coaching staff, athletic director and high school principal administer the program within the policies established by the coaches, athletic directors, high school principal, athletic council, IHSAA, and the local school board.

TO ALL PARENTS
We ask that you take a few minutes to read this handbook prepared as a guide for those who choose to participate in interscholastic athletics. We hope this handbook will help you understand our viewpoint and answer some of your questions.

We feel your son or daughter will benefit greatly from his/her involvement in athletics. Participation will gain physically through the training and preparation involved. Facing the competition will aid the athletes in facing similar situations in their future.

We need your help and cooperation to aid us in maintaining a successful and worthwhile athletic program for our school and community.

The eligibility rules which apply to student athletes at Chesterton High School are in two categories. One set of regulations is set forth by the Indiana High School Athletic Association of which Chesterton High School is a voluntary member. Other regulations are established by the school board, the administration and the Athletic Department of Chesterton High School.

IHSAA ELIGIBILITY RULES

AGE - A student who is or shall be twenty (20) years of age prior to or on the scheduled date of the IHSAA State Finals in a sport shall be ineligible for interschool athletic competition in that sport; a student who is nineteen (19) years of age on the scheduled date of the IHSAA State Finals in a sport shall be eligible as to age for interschool athletic competition in that sport.

AMATEURISM - Students shall not play under assumed names nor accept remuneration, directly or indirectly, for athletic participation.

Member school students shall be considered as violating their amateur standing if they participate in athletic activities, tryouts, auditions, practices and games held or sponsored by professional athletic organizations, clubs or their representatives. This rule applies to all sports except baseball, golf, softball and tennis out of season.
AWARDS, PRIZES, GIFTS - The giving and receiving of awards shall: (a) be kept within reasonable bounds, (b) have symbolic value only and, (c) be with the consent and under the supervision of the member school principal.

No awards shall be accepted which, in any way, advertise any firm or individual so far as commercial or business interests are concerned.

Awards, medals, recognitions, gifts and honors shall not be accepted by players or school from colleges, universities and higher institutions of learning or their alumni.

CONDUCT, CHARACTER, DISCIPLINE - Contestants’ conduct, in and out of school, shall be such as (1) not to reflect discredit upon their school or the Association, or (2) not to create a disruptive influence on the discipline, good order, moral or educational environment in the school.

Note: It is recognized that principals, by the administrative authority vested in them by their school corporation, may exclude such contestants from representing their school.

SCHOLARSHIP - To be eligible scholastically, students must have received passing grades at the end of their last grading period in school in at least five (5) full credit subjects or the equivalent and must be currently passing in at least five (5) full credit subjects or the equivalent.

Note: A full credit subject requires a minimum total of 250 minutes of supervised instruction per week.

PARENT’S AND PHYSICIAN’S CONSENT FORM - Before students may practice with an athletic team, they must have on file in the principal's office the IHSAA physical examination form which has been properly signed by their parents giving permission to participate and properly completed and signed by a licensed physician indicating that the student is physically able to play. This form must be filled out for both boys and girls and must be renewed each year. No physicals are to be taken earlier than May 1.

INSURANCE FORM - All student athletes must have an insurance form on file in the principal's office before they may be issued any athletic equipment, nor will they be permitted to attend practice for any sport until this form is on file.

PRACTICE RULES - A student must practice the minimum required number of days prior to participation in an interscholastic athletic event as listed in the IHSAA Bylaws. The number of required practices varies with each sport. Practices must be under the direct supervision of a member of the coaching staff.

ABSENCE DUE TO ILLNESS - A member of any squad who is unable to practice for five (5) consecutive days due to illness or an injury must present to the principal a statement from his/her physician that he/she is physically able to resume practice.

GENERAL

During Authorized Contest Season:

A. Participation in organized non-school sports competition during the authorized contest season in that sport shall cause such students to become ineligible for their school team in that sport for a period not to exceed 365 days as determined by the Commissioner. (Season in this section shall be defined as beginning with the first IHSAA authorized season contest date in each sport.)

B. An outstanding student-athlete may participate as an individual during the authorized contest season of a sport, without loss of interschool eligibility provided the following criteria are met:

1. Application form must be completed and forwarded to Commissioner seven (7) days prior to the event.

2. Approval of parent, coach, principal, and commissioner must be obtained.

3. Certification must be obtained from State, National or international non-school organization Chairperson including: a) evidence of student's qualification/s; and b) agreement to notify the student's principal of advancement to the next higher level of competition.

4. Prior arrangements must be made to complete academic lessons, assignments, tests, etc.

5. Students may not miss an Association sponsored tournament series contest for which he/she is eligible. It is the philosophy of this Association that students owe loyalty to their school and team.

6. Students and parents must agree to not accept, directly or indirectly, any awards, gifts, trips, merchandise, etc., which would violate IHSAA Rule 5 (Amateurism) or Rule 6 (Awards, Prizes, Gifts)
C. A 9th, 10th, 11th or 12th grade student may NOT participate in an interschool contest in Indiana with or against a student enrolled in a grade lower than the 9th.

D. Participation of students in an organized athletic contest with or against players not belonging to their school constitutes a game. An organized “Scrimmage” or practice by students with or against teams or players not belonging to their school is considered a game.

E. Students who participate in an interschool contest when ineligible other than in scholarship, too many quarters, too many events and similar oversights become ineligible only in that sport for the remainder of that sport season. When facts are purposely withheld or misrepresented, students become ineligible in all sports for the remainder of that semester and all of their next semester in school. NOTE: Such action shall always be subject to review by the Commissioner and Committee.

F. Team practices out-of-state, other than pre-game practices, shall not be permitted.

NCAA COLLEGE FRESHMAN ATHLETIC ELIGIBILITY REQUIREMENTS
(MAKE SURE YOU ARE ELIGIBLE TO PARTICIPATE IN COLLEGE SPORTS)

Many college athletic programs are regulated by the National Collegiate Athletic Association (NCAA), an organization that has established rules on eligibility, recruiting, and financial aid. The Clearinghouse was established as a separate organization to ensure consistent interpretation of NCAA initial-eligibility requirements for all prospective student athletes at all member institutions.

The NCAA has three membership divisions—Division I, Division II, and Division III. Institutions are members of one or another division according to the size and scope of their athletic programs and whether they provide athletic scholarships.

If you are planning to enroll in college as a freshman and you wish to participate in Division I or II athletics, you must be certified by the NCAA Clearinghouse. Apply online at: https://www.ncaastudent.org

Choose your courses wisely. A list of approved core courses offered by Chesterton High School is available on the NCAA Clearinghouse website.

The Clearinghouse needs the following information after the student has completed six semesters and registered. These documents are:

* Your completed and signed Student/Transcript Release Forms.
* Your official transcript mailed directly from every high school you have attended.
* Your ACT or SAT scores sent directly from the testing organization. See note:

From the Clearinghouse: The NCAA has adopted new legislation that will require prospects who intend to enroll at NCAA Division I and Division II institutions to supply ACT or SAT scores to the Clearinghouse directly from the testing agencies. Test scores on an official high school transcript will no longer be usable for NCAA purposes.

HIGH SCHOOL CORE COURSES
At least 4 years English; at least 2 years math; [one year algebra and one year geometry (or one year of a higher-level mathematics course for which geometry is a prerequisite)]

At least 2 years social science; At least 2 years natural or physical science (including 1 lab course, if offered by your school); At least 1 year of additional courses in English, math or natural or physical science, and 2 additional academic courses in any of the above areas or foreign language, computer science, philosophy or comparative religion.

* Previously, ACT score was calculated by averaging for subscores.

New standards are based on the sum of subscores.

ANABOLIC STEROIDS:

Chesterton High School forbids the use of anabolic steroids and other performance enhancing drugs.

NUTRITIONAL SUPPLEMENTS: The Chesterton High School Athletic Department does not encourage the use of Nutritional supplements to enhance strength or performance. Student athletes who choose to take these supplements should do so only with parental knowledge and consent. These supplements should not be brought to school.
Regular attendance and punctuality are essential to good performance in school. Absence from school is often the single greatest cause of poor or failing performance or academic achievement. Since the learning process is a progressive activity, each day's lesson is built upon those class activities which took place on previous days. Whenever a class is missed, for whatever reason, that experience cannot be fully duplicated. Since responsibility is a learned behavior, and regular school attendance patterns encourage the development of responsible patterns of behavior, each student attending Chesterton High School is expected to make every effort to be in school every day. Students are expected to attend all their classes on a consistent basis. Students failing to meet this expectation may suffer disciplinary consequences, referral to the administration for loss of credit, possible expulsion, and/or referral to probation in accordance with Indiana’s Compulsory School Attendance Law. Factors taken into consideration will be: academic performance, classroom behavior, unexcused absences and/or truancies, and teacher contact/conference with parents. Students who lose credit may be allowed to audit the class but will be expected to be a positive participant in the classroom. Failure to comply with this arrangement will result in disciplinary withdrawal from class. Through the combined efforts of students, parents and school personnel, the goals of punctuality, self-discipline and responsibility can be developed as we prepare students for the adult world.

The attendance policy is intended to be twofold. The first part is a system of rewards and recognitions designed to encourage good attendance. The second part is a series of consequences designed to change the inappropriate behavior of students. Rewards or recognition programs may include such methods as placing a special notation on the transcripts of students with perfect attendance, notifying parents of students’ perfect attendance, and or publishing names of those students with perfect attendance. In addition, many teachers have classroom rewards for good attendance.

Absence from school will fall into one of three categories:

1. Excused
2. Unexcused
3. Truant

The problem with excessive absences/late arrivals will be handled first by phone communication, and then by written notifications requesting medical notes for additional absences. If this does not correct the excessive absence issue, a parent and student will be requested to attend a conference with the Director of Attendance. At this conference, the attendance policy, and current academic progress will be reviewed.

EXCUSED ABSENCE

An excused absence is an absence from school all day or for any portion of the day, under circumstances granted by law or recognized by Chesterton High School.

1. Absence granted by law: Indiana Law provides that excused absence shall be for a student’s illness, a death in the immediate family, court appearance, service in the state legislature, or service at the election polls.

2. Absence recognized by the school: It is highly recommended that absences be avoided whenever possible; however, we recognize that on occasion such absences are necessary. The school may excuse absences for doctor appointments, emergency family situations, personal religious observance, or other similar reasons. Excused family absences should be requested at least five (5) days before the absence. Excused family absences should not be requested during final exams.

3. Regular attendance at school is required of all extra- and co-curricular participants. Students must attend school all day on the day of a contest or practice in order to participate in the event unless permission is granted for unusual circumstances by an administrator. Students must be in school on Friday in order to participate in weekend events unless excused by an administrator.

4. CTE Students will be allowed one (1) excused absence per semester related to vehicle problems. Additional absences related to vehicle problems will NOT be excused.
UNEXCUSED ABSENCE

An unexcused absence is an absence from school for all day or for any single portion of a class period(s) under circumstances not covered by law or recognized by the school, such as oversleeping and car problems. The deadline to establish an absence as excused is within 48 hours of the absence. The parent/guardian should call to report an absence on the day of the absence.

Unexcused absences will receive appropriate disciplinary action including but not limited to:

1st Unexcused absence - Warning
2nd Unexcused absence – 1 day After School Detention (3:00-4:00 p.m.)
3rd Unexcused absence & subsequent unexcused absences – Truancy referral (see Truancy)

NOTE:

Unexcused absences are accumulated for the school year.

Unexcused absences can also lead to not being able to attend school dances

• After the 5th unexcused absence during the 1st Semester the student will not be able to attend the following school dances (Homecoming and Winter Dance)
• After the 5th unexcused absence during the 2nd Semester the student will not be able to attend the following school dances (Prom and Senior Banquet)

TRUANCY

Truancy is absence from school for all day or for any single portion of the day initiated by the student without parental consent under circumstances not covered by law or recognized by the school. Students not in their assigned classes/area by ten minutes after the beginning of the block (or 15 minutes for first and fifth block) are considered truant.

The appropriate disciplinary action for truancy will be:

• 1st Truancy: 2 hours of After School Detention
• 2nd Truancy: Friday Detention Program (3:00-6:00 p.m.)
• 3rd Truancy: In-School Alternative Class Placement
• Any further truancy may result in suspension or recommendation for expulsion.

Excessive truancies may result in the student being placed on pass denial and the loss of driving privileges.

Truancy-Habitual - Which must, at a minimum, define the term as a student who is chronically absent, by having unexcused absences from school for more than ten (10) days of school in one (1) school year. The Bureau of Motor Vehicles will be notified in compliance with IC 9-24-2-1 with a recommendation to invalidate the driver’s license for a period of 120 days, completion of semester or until reaching age eighteen (18).

NOTE:

Truancies are accumulated for the school year.

Truancies can also lead to not being able to attend school dances

• After the 3rd truancy during the 1st Semester the student will not be able to attend the following school dances (Homecoming and Winter Dance)
• After the 3rd truancy during the 2nd Semester the student will not be able to attend the following school dances (Prom and Senior Banquet)

SUSPENSIONS

Students should contact teachers for assignments to complete while on suspension. Credit will be granted for work completed and returned to teachers within 24 hours after returning to school. Suspension days will not count as unexcused absences.
TARDY POLICY

Regular and prompt school attendance is necessary both in the development of students responsibility and in the achievement of academic success. It is further believed that this responsibility and self-discipline can be fostered in students through a shared effort among student, teachers, and the family.

A student will be credited with an unexcused tardy if he/she arrives in class after the bell without a pass (up to ten minutes/ fifteen minutes for Blocks 1/5).

Family members will be contacted, via automated phone call, on the day the tardy occurs notifying them of the violation.

Additionally, the following consequences will be issued.

- 1st Tardy: Student is warned of the tardy by the teacher.
- 2nd Tardy: Student is warned of the tardy by the teacher.
- 3rd Tardy: 1 hour of After School Detention – assigned by the teacher.
- 4th Tardy: 2 hours of After School Detention – assigned by the teacher.
- 5th Tardy: Friday Detention Program (3:00 – 6:00 p.m.) – assigned by teacher.
- 6th Tardy: In School Alternative Class Placement – assigned by assistant principal
- 7th Tardy: Suspension from school and parent meeting – assigned by assistant principal

Any further tardies may result in further discipline at the administration’s discretion.

Disciplinary action may also include loss of credit or possible withdrawal from class.

NOTE: Tardies accumulate for the semester.

PRE-ARRANGED ABSENCES

The school discourages students from taking family trips/vacations during the school year. In an 8 block-schedule, extended absences place students at an academic risk. If there is a need for a pre-arranged absence, the school must be notified at least one week in advance. Approval for excused pre-arranged absences will be based on student attendance, disciplinary record, grades, specific reason, and length of the requested absence. The absence may not be excused, especially during final examinations. Prior to leaving, it is the student’s responsibility to make arrangements with his/her individual teachers for the work he/she will miss during the pre-arranged absence. Approved Vacation and College days, although they may be excused, count as absences that jeopardize the student’s required attendance. College days (limited to 1 per semester) are granted only to seniors and second semester juniors and will only be excused if the visit is verified in writing on the Admissions Office letterhead and returned to CHS Attendance.

PERMIT TO LEAVE SCHOOL

Appointments including doctor, dentist, orthodontist, or counseling, should be made outside of the school day. If a student must leave during the school day, the student should present a written request from the parent or guardian to the Attendance Office before the first bell in the morning. Students must provide verification of ALL dental and doctor visits upon their return in order for the absence to be recorded as “excused”. A note from the doctor’s office or a professional’s signature on the “early dismissal slip” MUST be brought in to the Attendance Office no later than 48 hours after the visit.

Home and back passes are at the discretion of the Attendance Director and/or CHS Administration.

PROCEDURES FOR CALLING OFF STUDENTS

The parent/guardian of any student has the duty and responsibility to notify the high school attendance office of each student’s absence within 48 hours of the absence. The parent/guardian should call to report an absence on the day of the absence. Although the deadline to establish an absence as excused is within 48 hours of the absence, the parent/guardian should call to report an absence on the day of the absence. However, it is not necessary to call each day of an extended illness. An estimation of the length of illness with a periodic update will be satisfactory.

An automatic calling system will call the home number as a reminder to a parent/guardian to report an absence for the entire day or a portion of the day. A student who signs in 15 minutes after the first bell is recorded as absent for a portion of the day.

A student’s parent/guardian should contact the attendance office (983-3731) during school hours to verify an absence. The attendance office voicemail (983-3771) is available 24 hours a day. The fax number is 983-3772. Please follow all instructions as directed by the prompts. A student can also bring in written notes.
MAKE-UP WORK
Make-up work is recommended for all absences. Assignments will be credited only for excused absences. If a student is absent on a Maroon/Gold day and returns on a Maroon/Gold day, it is the student’s responsibility to get missed assignments from the day of absence upon his/her return. Extended illnesses will be handled on an individual basis. Work previously assigned is due upon a student’s return to class.

Homework assignments may be requested by a parent/guardian if a student is out for two consecutive days. Teachers are given 24 hours to prepare the assignment request. Assignments that are not picked up are returned to the teacher.

WITHDRAWAL FROM SCHOOL
The principal or principal’s designee must be present at the exit interview for students between the ages of 16 and 18 who wish to drop out of school. If the parent and students cannot agree on the student’s desire to drop out of school, the principal could make the final decision. For students under the age of 18 who withdraw from school, a letter will be submitted to the Bureau of Motor Vehicles denying or invalidating a driver’s license.

STUDENT CODE OF CONDUCT

SPECIFIC RULES OF BEHAVIOR

DISCIPLINARY POWERS OF PRINCIPALS (IC 20-33-8-10)
A principal may take action concerning the principal’s school or a school activity within the principal’s jurisdiction that is reasonably necessary to carry out or prevent interference with an educational function or school purposes. A principal may write regulations that govern student conduct.

ACADEMIC DISHONESTY
1. A student must not submit substantial portions of the same academic work for credit more than once without permission of the instructor.
2. A student must not allow others to conduct research or to prepare any work for them without advance authorization from the instructor. This prohibition includes (but is not limited to) commercial term-paper companies and past papers of other students.
3. Plagiarism—A student must not intentionally or unintentionally adopt or reproduce ideas, word, or statements of another person without giving acknowledgment;
   a. whenever he/she quotes another person’s actual words, including Internet sources.
   b. Whenever he/she uses another person’s idea, opinion, or theory;
   c. whenever he/she borrows facts, statistics, or other illustrative material unless the information is common knowledge.
   d. A student must not steal, change, destroy, or impede another student’s work. Impeding another student’s work includes (but is not limited to) the theft, defacement, or mutilation of common resources to deprive others of the information they contain.
4. Facilitating Academic Dishonesty - A student must not intentionally or knowingly help or attempt to help another to commit an act of academic dishonesty. This includes sharing answers with another student.

Students caught cheating will be subject to the appropriate discipline of the teacher’s classroom management plan.

A second instance of academic dishonesty will result in a referral to the administration for disciplinary consequences and a parent meeting. This may result in detention, suspension, and/or loss of credit for the semester.

BULLYING
Chesterton High School recognizes that students cannot perform at their utmost when they do not feel safe at school; therefore, Chesterton High School puts the safety and well-being of every student first and foremost. In order to provide a safe and welcoming culture, CHS forbids bullying, educates students and staff about bullying, accommodates reports of bullying, investigates bullying in a timely and efficient manner, and disciplines appropriately.
Excerpts from IC 20-33-8-0.2

“Bullying”

(a) As used in this chapter, “bullying” means overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical acts committed, aggression, or any other behaviors, that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment that:

1. places the targeted student in reasonable fear of harm to the targeted student's person or property;
2. has a substantially detrimental effect on the targeted student's physical or mental health;
3. has the effect of substantially interfering with the targeted student's academic performance; or
4. has the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.

INSUBORDINATION, DISRESPECT, OR DISRUPTION

Such acts, whether evidenced verbally or otherwise may result in punishment ranging from a suspension to a recommendation for expulsion.

A. “Disrespect” is defined as acting in a manner deemed to be inappropriate, discourteous, uncivil, rude, or using profane or obscene language or gestures. “Profanity” is defined as non-religious use of religious terms. “Obscene” is defined as indecent or lewd language or gestures.

B. “Insubordination” is defined as defying the authority of a staff member in such a way as to be rebellious, disobedient, or refusing to follow a reasonable request or direct order.

C. “Disruption” is defined as acting in a manner which interferes with the rights of other students to an education or the teacher's ability to instruct or perform his/her duties.

BUS RULES

Bus rules are provided to assure that Duneland students are transported to and from school in a safe manner. Parents are urged to cooperate in the instruction of students regarding the following rules in order to provide a safe transportation program.

Good bus conduct is expected of all riders at all times. Strict observation of the following rules will eliminate unnecessary delays and other problems.

1. Students shall sit in his/her assigned seat immediately upon entering the bus.
2. No student shall stand or move from seat to seat.
3. Loud, boisterous or profane language and indecent conduct will not be tolerated.
4. Students shall not tease, scuffle, trip, hold, hit or use their hands, feet or body in any objectionable manner.
5. No windows or door will be opened or closed except with the permission of the driver.
6. No student shall stand until the bus has come to a complete stop and the driver has opened the door.
7. Students must be waiting at his/her assigned stop when the bus arrives. Students must be waiting at their stops five (5) minutes before the pick-up time.
8. School authorities may deny the privilege of riding on the school bus to any student who refuses to follow the bus rules and the directions of the driver.
9. Only regularly assigned passengers are allowed to ride school buses. Special permission to ride a school bus may be granted only by the school principal or his/her designee. Special permission will only be given for babysitting purposes, when a student is living temporarily on the bus route, or other emergency situations. The request for alternate transportation must be in writing from the parent/guardian, approved by the office and handed to the bus driver.
10. Students must get on and off the school bus at their assigned bus stop. Permission to get off at any other location will be given only with written request from the parent, signed by the principal or his/her designee, and given to the driver.
11. Students are not permitted to eat or drink on the bus.
12. No live animals or insects may be transported on the bus.
13. Students must wait for a signal from the bus driver before they may cross over in front of the bus.
14. Any items brought on the bus by a student must be held on the student’s lap. The entrance door area, the emergency door area, under the seat, and the aisle must be kept clear at all times.
15. There is no supervision at the bus stop. For the safety of your child, please wait with them at the bus stop until the bus arrives.
16. It is required that you meet your kindergarten student at the bus stop after school. It is recommended that you greet your older children at the bus stop when returning home from school.
17. Students may use Personal Communication Devices (PCD’s) and school provided electronic devices while riding on a school bus or other board-provided vehicle to access the Duneland Mobile WiFi. However, student behavior may not be distracting to the driver or disrupt other students. Students may not share their devices or screens. Sound may not be audible.
18. Students are prohibited from taking photos and videos while on the bus.
19. If a student rides the bus, they must ride from home to school in the morning and from school to home in the afternoon. No student will be allowed to board a bus at the transfer location in the morning or get off the bus and get into a private vehicle at the transfer location in the afternoon.
20. Student discipline may result in: a new seat assignment, a verbal warning, parent call, referral to the school principal, or suspension from riding the bus.

ELECTRONIC CIGARETTES
The possession and/or use of electronic cigarettes (e-cigarettes) of any variety is strictly prohibited. Students found in possession of or using e-cigarettes/vaping devices will be suspended, and may be issued a citation for violating state laws.

ELECTRONIC DEVICES (P.L. 108-1994, HEA 1202)
Electronic devices can aid or hinder the learning experience in a school environment. With this in mind, it is a teacher’s decision when and if students will be allowed to use electronic devices in a classroom. The following consequences will be issued for electronic device violations in a classroom or other area where electronic devices are restricted:

1st Violation – Item confiscated, student may pick it up at end of school day.
2nd Violation – Item confiscated, parent must pick up in Asst. Principal Office
3rd Violation – Item confiscated, parent must pick up, Friday School (3:00-6:00 p.m.)
4th Violation – Item confiscated, parent must pick up, In-School Alternative Class Placement.
5th Violation or higher – Item confiscated, parent picks it up, Student is noted as being habitually insubordinate and will be issued consequences at Administrator discretion.

Taking, displaying, possessing, or transmitting pictures with sexually related content (including nudity) or pictures taken without the consent of the student or staff member in a situation not related to a school purpose or educational function is not permitted and will be subject to consequences beyond the above hierarchy. Refusal to give an electronic device to a staff member when instructed may result in further disciplinary consequences. Students may not photograph or video record other students or staff members at school. If done, the recording device (possibly cell phone) will be confiscated, the photograph or video viewed by administration and erased.

Important Notice to Students and Parents Regarding Cell Phone Content and Display

- The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever there is reason to believe that any person/student is involved with child exploitation” or “child pornography” as defined by Indiana Criminal Statutes.
- It is “child exploitation,” a Level 5 felony under I.C. 35-42-4-4(b), for any person/student (1) to exhibit, photograph or create a digitized image of any incident that includes “sexual conduct” by a child under the age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes “sexual conduct” by a child under the age of 18.
- It is “child pornography,” a Level 6 felony under I.C. 35-42-4-4(c), for person/student to possess a photograph, motion picture, digitalized image, or any pictorial representation that depicts or describes "sexual conduct" by a child who the person knows is less than 16 years of age or who appears less than age 16.
• “Sexual conduct” is defined by I.C. 35-42-4-4(a) to include sexual intercourse, exhibition of the uncovered genitals or female breasts intended to satisfy or arouse the sexual desires of any person, or any fondling or touching of a child by another person or of another person by a child intended to arouse or satisfy the sexual desires of the child or other person.

• The Indiana Sex Offender Registration Statute at IC 11-8-8-4.5 and the Sex Offender Registry Offense Statute at I.C. 35-42-4-11, as of May 2009 and amended in July of 2014, require persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4(b) to register as a sex offender.

• “Indecent Display of a Youth” is defined by I.C. 35-45-4-6 ec. 6.

(a) This section applies only to a person to whom all of the following apply:

(1) The person is less than eighteen (18) years of age.

(2) The person is not more than four (4) years older than the individual who is depicted in the image or who received the image.

(3) The relationship between the person and the individual who received the image or who is depicted in the image was a dating relationship or an ongoing personal relationship. For purposes of this subdivision, the term “ongoing personal relationship” does not include a family relationship.

(4) The individual receiving the image or who is depicted in the image acquiesced in the person's conduct.

(b) The following definitions apply throughout this section and are not limited to:

(1) “Disseminate” means to transfer possession for no direct or indirect consideration.

(2) “Performance” has the meaning set forth in IC 35-49-1-7.

(c) A person who, on or by means of a cellular telephone, social media website, or another wireless or cellular communications device, knowingly or intentionally:

(1) produces, presents, exhibits, photographs, records, or creates a digitized image of any performance or incident that includes sexual conduct by a child at least twelve (12) years of age;

(2) disseminates, exhibits to another person, or offers to disseminate or exhibit to another person, matter that depicts or describes sexual conduct by a child at least twelve (12) years of age; or

(3) possesses:

(A) a picture;

(B) a drawing;

(C) a photograph;

(D) a motion picture;

(E) a digitized image; or

(F) any pictorial representation; that depicts or describes sexual conduct by a child at least twelve (12) years of age who the person knows is less than sixteen (16) years of age or who appears to be less than sixteen (16) years of age, and that lacks serious literary, artistic, political, or scientific value; commits indecent display by a youth, a Class A misdemeanor.

Because student cell phones have been found in a number of Indiana school districts to have contained evidence of “sexual conduct” as defined above, it is important for parents and students to be aware of the legal consequences should this occur in our school system.

DRUGS AND ALCOHOL

The use, consumption, possession, or transmission, including by sale, or being affected by any controlled substance, prescription drug, narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, synthetic drug, alcoholic beverage, intoxicant or depressant of any kind, including but not limited to over-the-counter medications and substances, any capsule or pill, look alike drugs, nonalcoholic beer, inhalant, or intoxicant of any kind, as well as any apparatus or paraphernalia used or which could be used in connection with the listed substances is prohibited.

Consuming any of the listed substances immediately before attending school, a school function or event is prohibited. Using, consuming, possessing, transmitting, or being under the influence of any of the items listed above by any student while subject to school rules will result in suspension, request for expulsion and notification of law enforcement.
Selling and/or distribution of the items listed above will result in suspension, request for expulsion and notification of law enforcement.

Any student who arranges to sell or buy drugs at school (even though the actual transaction occurs off school grounds) will be subject to suspension and a request for expulsion, and law enforcement will be notified.

**FIGHTING**

Fights are not tolerated at CHS. The instigator or participants of a physical fight, or a verbal disagreement will result in suspension, possible expulsion, and/or possible Interpersonal skills classes. If a student is acting in a potentially violent manner and the parents cannot be reached, the school will call the police and have the student escorted out of the building to the police station where the parent/legal guardian may call to make arrangements to pick up the student.

When a group of two (2) or more students cause or attempts to cause physical injury to another student, these students will be recommended for expulsion.

**GANG ACTIVITY**

CHS desires to keep its school, staff, and students free from the threats of harmful influence of any groups or gangs that advocate the use of disruptive behavior. In addition, CHS understands the importance of fostering an effective and safe learning environment, which enhances its educational atmosphere.

A gang is any identifiable group or club, who displays, communicates, promotes, sponsors, participates, or assists in the affiliation of a gang and whose purposes include the commission of illegal acts or the violation of disciplinary rules. Gang activity of any kind is not tolerated at Chesterton High School. Any student participating in gang activity, in possession of gang-related material, or committing an act that would constitute an interference with school purposes will face disciplinary action consistent with this handbook and will be reported to the Chesterton Police Department. The following rules are to prevent and prohibit gang activity:

No student on school property or at any school activity:

1. Shall wear, possess, use, distribute, display any clothing, jewelry, emblem, symbol, sign, drawing, graffiti, or any other item which may be viewed as evidence of gang membership or affiliation.

2. Shall commit any act, omission, or use any speech, either verbal or nonverbal (for example, gestures, handshakes, drawings, graffiti, or other written communications, etc.) showing membership or affiliation in a gang.

3. Shall use any speech or commit any act in promoting any gang or gang activity including but not limited to: a. Soliciting other students for membership into their gang. b. Intimidating or threatening other students or persons on school property.

Violation of the above rules shall subject the student to suspension or expulsion.

**FIREARMS, EXPLOSIVES, WEAPONS**

Chesterton High School will follow Indiana Code 20-33-8-16 regarding firearms, explosives and weapons.

**IC 20-33-8-16**

**Possession of firearms, deadly weapons, or destructive devices**

Sec. 16.

(a) As used in this section, “firearm” has the meaning set forth in IC 35-47-1-5.

(b) As used in this section, “deadly weapon” has the meaning set forth in IC 35-31.5-2-86. The term does not include a firearm or destructive device.

(c) As used in this section, “destructive device” has the meaning set forth in IC 35-47.5-2-4.

(d) Notwithstanding section 20 of this chapter, a student who is:

   (1) identified as bringing a firearm or destructive device to school or on school property; or

   (2) in possession of a firearm or destructive device on school property; must be expelled for at least one (1) calendar year, with the return of the student to be at the beginning of the first school semester after the end of the one (1) year period.

(e) The superintendent may, on a case by case basis, modify the period of expulsion under subsection (d) for a student who is expelled under this section.
(f) Notwithstanding section 20 of this chapter, a student who is:

1. identified as bringing a deadly weapon to school or on school property; or
2. in possession of a deadly weapon on school property; may be expelled for not more than one
   (1) calendar year.

(g) A superintendent or the superintendent's designee shall immediately notify the appropriate law
   enforcement agency having jurisdiction over the property where the school is located if a student
   engages in a behavior described in subsection (d). The superintendent may give similar notice if
   the student engages in a behavior described in subsection (f). Upon receiving notification under this
   subsection, the law enforcement agency shall begin an investigation and take appropriate action.

(h) A student with disabilities (as defined in IC 20-35-7-7) who possesses a firearm on school property
   is subject to procedural safeguards under 20 U.S.C. 1415.

GENERAL CONDUCT

A. Students shall not demonstrate emotional attachment by becoming involved with another person,
   such as kissing, caressing or fondling. Students who do behave in this manner will be corrected
   and their names referred to the Assistant Principals’ Office. Students with repeated referrals will be
   contacted by an administrator who may seek parental assistance.

B. Students shall not engage in sexual harassment of another person which includes sexually-related
   verbal statements, gestures or physical contact.

C. Students who create disturbances or congestion in the hallways will be corrected by a staff member
   and referred to the Assistant Principals’ Office.

D. Any student intentionally making noise or acting in any manner so as to interfere with the ability
   of any teacher to perform his/her duties or any other school personnel to conduct the educational
   functions under his/her supervision may be recommended for expulsion.

E. Students shall not engage in speech or conduct, including clothing, jewelry or hair style, which is
   profane, indecent, lewd, vulgar or offensive to school purposes.

F. Behavior or language which threatens, intimidates, or harasses a student or staff member is inap-
   propriate.

G. The CHS administration reserves the right to use its discretion in determining the type of clothing
   appropriate for the school setting. Student shirts/ tops should cover the majority of chests and
   stomachs. Undergarments should not be visible; this includes boxers, briefs, and brassieres. Hats
   are not permitted.

H. Backpacks are to be kept in lockers or with the student in the classroom during school day.
   - Teachers have the right to not allow backpacks in the classroom due to space and safety.
   - Backpacks are not allowed to be left unattended.

I. Hazing, initiations, or any other activities along these lines are not permissible at CHS. Appropriate
   discipline will be administered to those who violate this.

HARASSMENT AND THREATS OF VIOLENCE PROHIBITED

Students and employees should not be subjected to harassment or threats of violence. Harassment is
defined as intimidation, bullying, torments and other behaviors that cause one to have a realistic fear
of being harmed or their activities are being interfered with to the degree they cannot engage in their
normal course of duties or movements. Harassment includes incidents of sexual and racial harassment.
Any student who engages in harassment or threats of violence may be subjected to disciplinary action
as deemed necessary by the building administrator. Disciplinary action may include suspension and or
expulsion if the disruption to the school purpose has been substantial or there has been a substantial
risk to another person.
INSUBORDINATION, DISRESPECT, OR DISRUPTION

Such acts, whether evidenced verbally or otherwise may result in punishment ranging from a suspension to a recommendation for expulsion.

A. “Disrespect” is defined as acting in a manner deemed to be inappropriate, discourteous, uncivil, rude, or using profane or obscene language or gestures. “Profanity” is defined as non-religious use of religious terms. “Obscene” is defined as indecent or lewd language or gestures.

B. “Insubordination” is defined as defying the authority of a staff member in such a way as to be rebellious, disobedient, or refusing to follow a reasonable request or direct order.

C. “Disruption” is defined as acting in a manner which interferes with the rights of other students to an education or the teacher’s ability to instruct or perform his/her duties.

OBSURCTING A SCHOOL INVESTIGATION

Any student who knowingly gives false information, or intentionally fails to give information in an investigation conducted by a school administrator may receive a consequence ranging from suspension to a possible request for expulsion.

PROHIBITED ITEMS

Students are prohibited from possessing any weapon, item, object or substance that is either a hazard to persons or a disruption to the school purpose. Prohibited items include but are not limited to;

- weapons, including firearms, pneumatic guns, knives, small knives, toy knives, toy guns, squirt guns, razors, clubs, brass knuckles, other blunt striking devices, projectile devices.
- exploding devices including bombs, ammunition and fireworks either burning or exploding.
- chemical spraying agents or any other device that can deliver a projectile or blunt impact to a person and cause injury.

Students are also prohibited from possessing, electronic laser pointers, alcohol, tobacco products, organic drugs, electronic cigarettes, any electronic smoking device, products containing nicotine, drugs and other controlled substances as outlined by other policies.

Property: Stealing, Possessing stolen property and/or damaging (or attempting to steal or damage) school or personal property

A. Restitution for loss of damaged property will be made.

B. The school may seek legal regress for stolen or damaged property.

C. The student may be suspended and/or recommended for expulsion for stealing or damaging school or personal property or attempting to sell stolen merchandise at CHS.

SECURITY THREAT

Any harmful threat, or threatening action (including threats with bombs, destructive devices and/or firearms) by a student verbally, physically, or electronically will not be tolerated and may result in suspension and/or request for expulsion

UNLAWFUL ACTIVITY (IC 20-33-8-15)

Per Indiana law, a student may be suspended or expelled for engaging in unlawful activity on or off school grounds if:

(1) the unlawful activity may reasonably be considered to be an interference with school purposes or an educational function; or

(2) the student’s removal is necessary to restore order or protect persons on school property; including an unlawful activity during weekends, holidays, other school breaks, and the summer period when a student may not be attending classes or other school functions.

ADDITIONAL ITEMS

A written document cannot provide for all contingencies that could or might occur during the course of a school year anymore than it can anticipate every eventuality that might arise in any of the areas covered in this handbook. Therefore, the Chesterton High School administration has the right to take appropriate action when dealing with items, issues and situations, etc. not outlined in this handbook, and in doing so, apply any reasonable and appropriate disciplinary measure(s) when needed to prevent interference with an education function or school purpose.
BEHAVIORAL CONSEQUENCES

1. REMOVAL FROM CLASS OR ACTIVITY - TEACHER: A teacher will have the right to remove a student from his/her class or activity for a period of up to one (1) school day if the student is assigned regular or additional work to be completed in another school setting.

2. DETENTION - TEACHER/PRINCIPAL

3. IN SCHOOL SUSPENSION - PRINCIPAL

4. SUSPENSION FROM SCHOOL - PRINCIPAL: A school principal (or designee) may deny a student the right to attend school or take part in any school function for a period of up to ten (10) school days.

5. EXPULSION - PRINCIPAL: In accordance with the due process procedures defined in this policy, a student may be expelled from school for a period no longer than the remainder of the current semester plus the following semester, with the exception of firearm possession as prescribed in Indiana Code (IC 20-33-8).

DETENTION

The student is to be given notice at least twenty-four hours in advance of the time, place, and reason for the detention. The CHS administration expects that students make every attempt to attend their assigned detentions. Students may reschedule one (1) detention per semester. Failure to attend an assigned detention may be grounds for assignment of additional detentions or suspensions.

Note: Missed detentions can also lead to not being able to attend school dances

• After the 3rd missed detention during the 1st Semester the student will not be able to attend the following school dances (Homecoming and Winter Dance)

• After the 3rd missed detention during the 2nd Semester the student will not be able to attend the following school dances (Prom and Senior Banquet)

PROBATION, DISCIPLINARY

Disciplinary Probation is disciplinary action taken by the administration for any offense that is continuously repeated or conduct deemed to be severe in nature. Any violation of the terms of disciplinary probation may lead to a recommendation for expulsion.

Withdrawal of a student from class for disciplinary reasons

A. Disciplinary withdrawals will be made by administrators. Classroom teachers may not assume the responsibility for withdrawing students from their classes.

B. Parent-teacher communication is necessary.

C. Students may be withdrawn from classes for such reasons as failure to work, insubordination, failure to follow safety rules, being a disruptive force in the classroom, violating attendance rules or violating the Class Audit Agreement.

D. The classroom from which the student is withdrawn will be replaced with a study lab with no pass privileges.

E. The withdrawal grade will be determined by the grade the student is earning at the time of withdrawal as reported by the teacher: (1) Passing grade—withdrawal grade of “W” and (2) Failing grade—withdrawal grade of “WF”.

F. A student may be recommended for expulsion when disciplinary withdrawal from classes reduces that student’s class load to four classes for seniors or five classes for underclassmen.

G. Students who dropout of school in an attempt to circumvent a driver’s license invalidation will have the license invalidated until the student turns 18 years of age or re-enters in good standing.

SUSPENSION, IN-SCHOOL (ISS)

A. Any high school administrator may place a student in an in-school suspension (ISS).

B. An in-school suspension (ISS) may or may not begin immediately depending on the circumstances.

C. In-school suspension (ISS) is an alternative setting that removes students from the classroom for a period of time, while still allowing students to attend school and complete their work.
SUSPENSION, OUT-OF-SCHOOL
A. Any high school administrator may suspend a student.
B. A suspension may or may not begin immediately depending on the circumstances.
C. A student who is suspended from school must not be on any Duneland School property during school hours, may not attend classes, and cannot participate in any school sponsored activity during the period of suspension as stated in the Positive Life Program Section IV.
D. If a suspendable offense occurs at the end of the school year, disciplinary action may be taken at the beginning of the next school year.
E. A student assigned a third suspension may be recommended for expulsion.
F. Students who are less than 18 years of age who receive two suspensions out of school in a school year may have their driver’s license invalidated by the Bureau of Motor Vehicles for a period of 120 days.

SUSPENSION PROCEDURES
When a principal (or designee) determines that a student should be suspended, the following procedures will be followed:
1. A meeting will be held prior to the suspension of any student. At this meeting the student will be entitled to:
   a. A written or oral statement of the charges
   b. If the student denies the charges, a summary of the evidence against the student will be presented; and,
   c. The student will be provided an opportunity to explain his or her conduct.
2. The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of the suspension.
3. Following the suspension, the parents or guardians of suspended students will be notified in writing. The notification will include the dates of the suspension, describe the student’s misconduct, and the action taken by the principal.

DISCIPLINARY HEARING
Any student who is suspended for the second time within the same school year will be required to attend a disciplinary hearing. The hearing will be conducted by a high school administrator with the parents and student in attendance. Other staff members may also be invited. The attendance, discipline, and academic records will be reviewed. An educational plan will be tailored to improve the student’s overall performance. Disciplinary probation may be included in the plan. Violation of disciplinary probation will be grounds for recommendation for expulsion.

REVOCATION OF DRIVER’S LICENSE
A driver’s license or learner’s permit may be revoked or not be issued or to an individual less than eighteen (18) years of age who has been suspended, expelled, drops out of school or is classified as a habitual truant (per IC 9-24-2).

EXPULSION
A. Expulsion is similar to suspension except that it extends for a longer period of time and is much more serious. Grounds for an expulsion or a suspension are student misconduct and substantial disobedience. The procedures for expulsion are specifically outlined in the Indiana Code for Due Process.
B. A student who has been expelled must not be on any Duneland School property during school hours and cannot participate in school-sponsored functions.
C. Expulsion may extend from ten days to the remainder of the current semester, plus the following semester and summer school.
D. Any high school administrator may recommend a student for expulsion. The recommendation is sent to the principal for consideration before it is forwarded to the superintendent for action.
E. Students less than 18 years of age who are expelled or excluded from school will have their driver’s license invalidated for 180 days by the Bureau of Motor Vehicles.
F. Form 16 “Waiver of Due Process Rights: Probationary Continued Education Agreement” may be used when applicable.
EXPULSION PROCEDURES

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

1. The superintendent (or designee) may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
   a. Legal counsel
   b. A member of the administrative staff who did not expel the student and was not involved in the events giving rise to the expulsion

2. An expulsion will not take place until the student and the student’s parents are asked to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure by a student or a student’s parent to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.

3. The request to appear at the expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion and the date, time, place and purpose of the meeting.

4. At the expulsion meeting, the principal (or designee), will present evidence to support the charges against the student. The student or parent will have the opportunity to answer the charges against the student, and to present evidence to support the student’s position.

5. If an expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student’s parent.

The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of notice of the action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and the arguments of both the school administration and the student and/or the student’s parent. The board will then take any action deemed appropriate.

**IC 20-33-8-30 Effect of expulsion or exclusion upon enrollment in another school corporation.**

1. If a student is expelled or excluded from a school corporation under this chapter, the student may not enroll in another school corporation during the period of the expulsion or exclusion unless:
   a. That student informs the school corporation in which the student seeks to enroll of the student’s expulsion exclusion;
   b. The school corporation consents to the student’s enrollment; and
   c. The student agrees to the terms and conditions of enrollment established by the school corporation.

2. If a student fails to:
   a. Inform the school corporation of an existing expulsion or exclusion order or determination; or
   b. Follow the terms and conditions of enrollment under subsection (a)(3); the school corporation may withdraw its consent and prohibit the student’s enrollment during the period of the expulsion or exclusion.

3. Before a consent is withdrawn under subsection (b), the student must have an opportunity for an informal hearing before the principal of the student’s school. At the informal hearing the student is entitled to:
   a. A written or oral statement of the reasons for the withdrawal of the consent;
   b. A summary of the evidence against the student; and
   c. An opportunity to explain the student’s conduct.
Why does Duneland believe 1:1 is important?
The past several years has driven educators to meet the needs of a much broader, diverse group of learners than has been served in the past. As opportunities spread further in Indiana and across the country, school districts are improving the academic experience for the student by beginning to integrate blended learning into their classroom practice to help support the unique needs of each student. During the school year, the Duneland Schools will continue its growth and development of differentiated instruction in a blended environment to include all students Kindergarten through grade 8 with their own iPad and students in grades 9-12 their own Windows Laptop. The questions and answers below provide information regarding Duneland’s philosophy for classroom instruction.

1. WHAT IS DIFFERENTIATED INSTRUCTION?
Differentiated instruction allows a teacher the flexibility to modify his/her lesson for the benefit of a student’s unique learning needs both offline and online. The Universal Design for Learning is a framework that helps teachers design differentiated lessons. Differentiated instruction is a gateway for individualized learning and personalized learning.
   • Academic goals for the group are similar.
   • Resources, subject matter, processes, products and learning environments can be differentiated.
   • Assessment, grouping, and instruction are flexible.

2. WHAT IS BLENDED LEARNING?
Students learn partly through online instruction and partly through traditional (offline) instruction.
   • Offline and online components work together to achieve instructional goals.
   • Focus on instructional models not technology tools.
   • Students have some opportunities to control pace, path, environment, content, and format.

3. WHAT IS THE PURPOSE OF BLENDED LEARNING IN OUR SCHOOLS?
The Duneland School Corporation is committed to preparing all students for college, careers, and lifelong learning in ways that support the Duneland School Corporation mission.

TO DO SO, DUNELAND FOCUSES ON THE FOLLOWING CRITICAL POINTS:
   • Utilize the ISTE Student standards to guide our instruction both online and offline. - https://www.iste.org/standards/for-students
     - Empowered Learner: Students take an active role in their learning goals.
     - Digital Citizen: Students are safe, legal, and ethical in a digital world.
     - Knowledge Constructor: Students use research skills to curate information and build knowledge.
     - Innovative Designer: Students use a design process to identify and solve problems in creative ways.
     - Computational Thinker: Students collect and analyze data and develop and test solutions.
     - Creative Communicator: Students communicate clearly and choose methods appropriate for the purpose.
     - Global Collaborator: Students collaborate with others and work in teams.
   • Use Technology to promote the use of the 4C’s - http://www.p21.org/storage/documents/4csposter.pdf
     - Communication: Sharing thoughts, questions, ideas, and solutions.
     - Collaboration: Working together to reach a goal.
     - Critical Thinking: Looking at problems in a new way, linking learning across subjects/disciplines.
     - Creativity: Trying new approaches to get things done equals innovation & invention.
• Address student challenges, including skill deficiencies, retention, enrichment, and opportunities for accelerating student learning through differentiated instruction.
• Expand course offerings to include more options for students.
• Create flexible scheduling opportunities for students and teachers by removing traditional barriers.

4. WHAT IS THE TEACHER’S ROLE IN BLENDED LEARNING?
Duneland School Corporation believes that our core strength is our highly qualified staff; as such, the teacher remains at the heart of quality instruction. The addition of technology will never diminish a teacher having the professional freedom and flexibility to use a variety of blended learning models (flipped, station rotation, etc). Successful student outcomes derive from a quality classroom experience – regardless of whether that classroom is a school, online, or a combination of both. Blended learning is NOT using the technology solely for unguided instruction.

DUNELAND SCHOOL CORPORATION DEVICE CARE

TAKING CARE OF THE DSC DEVICE
Students are responsible for the general care of the Duneland School Corporation (DSC) device which they have been issued by the school. Students that have DSC devices that are broken or fail to work properly must notify a staff member or report to the school’s media center. If a loaner DSC device is needed, one will be issued to the student until their DSC device can be repaired or replaced.

GENERAL PRECAUTIONS
1. No food or drink is allowed next to the DSC device while it is in use.
2. Cords, cables, and removable devices must be inserted carefully into the DSC device.
3. Students should never carry their DSC device while the screen is open unless directed to do so by a teacher.
4. DSC devices should never be shoved into a locker or wedged into a bookbag, as this may break the screen.
5. Do not expose the DSC device to extreme temperature or direct sunlight for extended periods of time. Extreme heat or cold may cause damage to the Windows device.
6. Always bring the device to room temperature prior to turning it on.

CARRYING THE DSC DEVICE
A protective case for the DSC iPad is provided. It will provide basic protection from everyday use. It is not designed to prevent damage from drops or abusive handling.
A protective case is not provided for the DSC Windows device, however, the structure of this device is built to withstand normal wear and tear.

SCREEN CARE
The DSC device screen can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.
1. Do not lean on top of the DSC device.
2. Do not place anything near the DSC device that could put pressure on the screen.
3. Do not place anything in the carrying case that will press against the cover.
4. Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, notebooks).
5. Clean the screen with a soft, dry anti-static, or microfiber cloth. Do not use window cleaner or any type of liquid or water on the DSC device. Students can also purchase individually packaged pre-moistened eyeglass lens cleaning tissues to clean the screen. These are very convenient and relatively inexpensive.
USING THE DSC DEVICE

At School
DSC devices must be brought to school each day fully charged. The DSC device is intended for use at school each and every day. In addition to teacher expectations for DSC device use, school messages, announcements, calendars, academic handbooks, student handbooks and schedules will be accessed using the DSC device. Students must be responsible for bringing their DSC device to all classes, unless specifically advised not to do so by their teacher.

At Home
When taking the DSC device home at night, it is expected that students return the device fully charged. Students that fail to bring their device to school may be allowed, at the discretion of school staff, to make arrangements to have their devices delivered. Repeat violations of this policy will result in referral to administration and potential disciplinary action.

Students that fail to charge their device fully may, at the discretion of school staff, charge their devices at any available power outlet. Students may also, at the discretion of school staff, use a classroom device.

While at home, student’s internet activity will be subject to filtering by the Duneland School Corporation, in accordance with the Child Internet Protection Act (CIPA). Internet filtering will be less restrictive than if the students were in school but will still block obscene or harmful material.

SOUND
Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes or if the student has permission to use earbuds/headphones.

PRINTING
At School
Students in all grades will be required to use a general student computer to print materials. It is strongly encouraged that students utilize paperless methods to complete assignments or tasks, when feasible.

At Home
It is strongly encouraged that students utilize paperless methods to complete assignments or tasks. In the event that a student must print while at home it is important to understand that DSC iPads will not support a physical printer connection. Instead, users may print to their home printers using the Google Cloud Print service or via Apple AirPrint. More information about Google Cloud Print service can be found here: http://google.com/cloudprint. More information about Apple AirPrint can be found here: https://support.apple.com/en-us/HT201311. Students in grades 9 & 10 may be able to utilize traditional printing methods or utilize the Google Cloud Print service if available. Students in all grades that need to print can make arrangements with their teacher to print while in school.

MANAGING FILES AND SAVING WORK
All Students may save documents to their Google Drive, Apple iCloud or directly to the student device. Saving to Google Drive or Apple iCloud will make the file accessible from any computer with internet access. Students using Google Drive to work on their documents will not need to save their work, as Drive will save each keystroke as the work is being completed. It will be the responsibility of the student to maintain the integrity of their files and keep proper backups. In the event that a student damages, loses, or needs to receive a loaner device, DSC will not be responsible for any lost or unrecoverable material. It is always in the best interest of the student to save their materials to a service such as Google Drive or Apple iCloud. Staff will work with students on proper file management procedures and/or given resources to assist in file transfers.

Students utilizing DSC Windows devices (grades 9 & 10) are encouraged to keep backup copies of their important files in their Google Drive. In the event that the device needs to be replaced or repaired, DSC will not be responsible for any lost or unrecoverable files.

PERSONALIZING THE DSC DEVICE
DSC devices must remain free of any decorative writing, drawing, stickers, paint, tape, or labels that are not the property of the Duneland School Corporation. Spot checks for compliance will be done by teachers, administration, or DSC Technicians at any time.

DSC devices are subject to inspection and must follow the Duneland School Corporation acceptable use policy. Please refer to Duneland School Board Policy 7540.03 - Student Network and Internet Acceptable Use and Safety.
ORIGINALLY INSTALLED SOFTWARE

DSC device software is delivered via Dunelands Mobile Device Management (MDM) software, Zuludesk (iPads) or via InTune for Education (Windows). Some applications, such as Google Drive, Google Docs, and Canvas require an internet connection to function properly. The software originally installed on the DSC device must remain on the DSC device in usable condition and easily accessible at all times.

All DSC devices are supplied with the latest build of Apple’s iOS Operating System (iOS) or Microsoft Windows. Other applications useful in the educational environment may also be installed based on the students grade and/or teacher. Both Apple’s iOS and Microsoft’s Windows, will periodically install updates when scheduled by the IT department.

From time to time the school may add software applications for use in a particular course. This process will be automatic with virtually no impact on students. Applications that are no longer needed will automatically be removed by the school as well.

VIRUS PROTECTION

Virus protection is unnecessary on the DSC iPads due to the unique nature of its design. Anti-virus software will be installed on all DSC Windows devices. This software is used as a precautionary measure but can not protect against all threats. It is important for both students and parents to understand that malicious software can gain access to the Windows operating system despite the installation and functional level of anti-virus software.

ADDITIONAL SOFTWARE

Students are unable to install additional software on their DSC device other than what has been approved by Duneland School Corporation.

INSPECTION

Students may be selected at random to provide their DSC device for inspection. The purpose for inspection will be to check for proper care and maintenance as well as inappropriate material being carried into the school.

PROCEDURE FOR RESTORING THE OS

If technical difficulties occur, technical support staff will use the “10-minute” rule. If the problem cannot be fixed in 10 minutes, the DSC device will be restored to factory defaults. In a One-to-One environment it is impossible for support staff to maintain a working environment for all if too much time is spent fixing every glitch that may arise.

Restoring the Apple iOS will restore the device to the state in which the user originally received it. All student created files stored on Google Drive, Apple iCloud, or other cloud based storage will be intact after the operating system is restored. All files saved on the DSC device that have been synced to Google Drive will be intact. However, all other data (school related music, photos, documents) stored on internal memory that has NOT been synced will not be restored unless an appropriate backup has been completed. DSC staff will attempt to create a backup prior to restoring the OS if this can not be done, then all files stored locally that have NOT been synced will be lost.

Restoring a DSC Windows device will revert the machine back to its factory default settings for DSC Windows devices, it is important to maintain backups of locally stored files. Any files saved in the “My Documents”, “Downloads” folders or on the local hard drive will be removed if the device is restored to factory defaults. Creating cloud based (Google Drive) backups is the only way to ensure that student files remain intact.

PROTECTING AND STORING DSC DEVICE IDENTIFICATION

DSC devices will be labeled in the manner specified by the district. DSC devices can be identified in the following ways:

- Record of serial number
- DSC asset tag
- Individual’s Student Account username

Under no circumstances are students to modify, remove, or destroy identification labels.
STORING THE DSC DEVICE
When students are not monitoring their DSC device, they should be stored as directed by the teacher. Nothing should be placed on top of the DSC device. Students need to take their DSC device home with them every night. The DSC device is not to be stored in their lockers or anywhere else at school outside of school hours. The DSC device should be charged fully each night at the student’s home. DSC devices should never be stored in a vehicle.

Storing DSC devices at Extra-Curricular Events
Students are responsible for securely storing their DSC device during extra-curricular events.

DSC devices Left in Unsupervised / Unsecured Areas
Under no circumstance should a DSC device be stored in unsupervised areas. Unsupervised areas include the school grounds and campus, the cafeteria, unlocked classrooms, library, locker rooms, dressing rooms, hallways, bathrooms, extra-curricular bus, in a car, or any other entity that is not securely locked or in which there is not supervision.

Unsupervised DSC devices will be confiscated by staff and taken to the office. Disciplinary action may be taken for leaving a DSC device in an unsupervised location.

REPAIRING OR REPLACING DSC DEVICES
• DSC student devices are covered by a standard accidental damage insurance policy.
• Students and/or parents may be charged for DSC device damage that is a result of misuse, negligence, vandalism, abusive handling, or considered to be in excess of normal wear and tear not covered by provided insurance.
• Students will be issued one (1) charging assembly. If this charging assembly is lost and/or damaged students may purchase their own. Students may also purchase a new OEM charging assembly from the school corporation.
• Parents may be billed for parts and labor.
• Loaner DSC devices may be issued to students when they leave their DSC device for repair at the Media Center.
• If a repair is needed due to malicious damage, the school may refuse to provide a loaner DSC device.
• Repaired DSC devices will be returned with the original factory image as it was first received. It is important that students keep their school data synced to Google Drive or Apple iCloud so documents and class projects will not be lost. Personal information that cannot be replaced should be kept at home on an external storage device.

LOSS OR THEFT OF A DSC DEVICE
The Duneland School Corporation will require a police report be submitted in cases of theft. Fraudulent reporting of theft will be turned over to the police for prosecution. A student making a false report will also be subject to disciplinary action as outlined by the school discipline code.

Parents/Students will be charged for the full replacement cost of a device that has been lost, subject to misuse, negligence, vandalism or abusive handling.

PARENT/STUDENT PLEDGE
• I will take good care of my DSC device and know that I will be issued the same DSC device each year.
• I will never leave my DSC device unattended in an unsecured or unsupervised location.
• I will never loan out my DSC device to other individuals.
• I will know where my DSC device is at all times.
• I will charge my DSC device’s battery to full capacity every night while I have it at home.
• I will keep food and beverages away from my DSC device since they may cause damage to the device.
• I will not disassemble any part of my DSC device or attempt any repairs.
• I will not willingly attempt to bypass DSC restrictions and/or security while using my device.
• I will protect my DSC device by always carrying it in a secure manner to avoid damage.
• I will use my DSC device in ways that are appropriate for education.
• I will not place decorations (stickers, markers, writing, etc.) on the DSC device.
• I understand that the DSC device I am issued is subject to inspection at any time without notice and remains the property of Duneland School Corporation.
• I will follow the policies outlined in the DSC device Handbook and the DSC Acceptable Use Policy while using my DSC Device.
• I will file a police report in case of theft.
• I will be responsible for all damage or loss caused by neglect or abuse.
• I agree to pay the full replacement cost of my DSC device, power cord and charger in the event that any of these items are lost or damaged, per policies outlined in the DSC device handbook.
• I agree to return the DSC device, power cord/charger in good working condition at the end of each school year.

DUNELAND SCHOOL CORPORATION RULES FOR COMPUTER USE

Violations of these rules or policies stated under Duneland School Board Policy 7540.03 - Student Network and Internet Acceptable Use and Safety (http://www.neola.com/duneland-in/), subjects students to disciplinary action including suspension and/or expulsion, restitution, loss of computer privileges, or removal from a class. Where conduct which violates these rules may constitute a crime under state and federal law, referral to law enforcement will be made.

1. Students will not use the computer for illegal activities
   • Students will not tamper with, harm, or destroy computer hardware.
   • Students will not tamper with, harm, or destroy computer software.
   • Students will not access or send obscene, profane, violent or pornographic materials.
   • Student will not abuse or harass another user through electronic means.
   • Students will not access any unauthorized area of the computer network.
   • Students will not alter any system software or another’s personal work, both locally or remotely.
   • Students will not download, copy, or install software.
   • Students will not download, copy, save, or use any file that is obscene, profane, violent, or pornographic.
   • Students will not download, copy, or install illegal software.
   • Students will not tamper with, degrade, disrupt, or destroy computer data and information at any computer terminal.
   • Students who violate the following rules are subject to discipline including after school detentions and restricted internet use. Students who continually violate these rules are subject to suspension and/or expulsion.
   • Students will not access the internet during class time except when directed by a faculty member.
   • Students will not access personal email accounts during class time except when directed by a faculty member.
   • Students will not lend their network or email passwords or privileges to others.
   • DSC administrators, teachers, IT Staff, or media specialists reserve the right to monitor and inspect all activity on the network system, storage devices, CD’s, files, and emails.

VANDALISM
Vandalism is defined as any malicious or reckless attempt to harm or destroy data of another member of the school computer network, the school computer network itself, and/or school equipment or software. Deliberate attempts to degrade or disrupt system performance of the computer network or workstation or any computer system or network on the Internet by spreading computer viruses is considered criminal activity under state and federal law and appropriate referrals to law enforcement will be made.

HARASSMENT / PROFANITY
Do not abuse or harass another user through electronic means. Profanity or obscenity is not permitted at any time. Avoid offensive or inflammatory speech. Be courteous and polite.
DUNELAND 1:1 FREQUENTLY ASKED QUESTIONS (FAQ)

Will every student have a computer device?
Students in grades Kg - 12 will have a device provided for them. Students in grades Kg - 8 will receive an iPad and students in grades 9 - 12 will receive a Windows laptop.

Will the school provide the computer device?
The Duneland School Corporation will provide students in grades Kg - 10 a device. If a student loses or damages the device they may be subject to repair/replacement costs of that device.

What are the specifications of the computer device students receive?
Students will receive a device with the specifications below.
Apple iPad (Grades Kg-8) - More info at: https://www.apple.com/ipad-9.7/specs/

What is the rationale of the school checking out DSC devices?
Students will only be allowed to “check out” a DSC device if there is a specific curricular need that is not addressed by the DSC student device provided.

Can a student bring his or her own device?
No. All DSC students will be provided a device at the start of the 2020-21 school year.

What other accessories will a student need for their computer?
A student will need headphones/earbuds for use with the computer. A headset with microphone may be necessary for some subjects. A computer case is an optional accessory for each student in grades 9 & 10 9-12.

Can I buy a DSC device from the school?
No, DSC devices are not available for purchase.

What web browser will work best for school?
The Google Chrome browser is best for using the Canvas learning management system and Google applications.

Can applications and extensions be “pushed” to personally owned devices?
No. Applications can only be pushed to corporation owned devices and to Duneland user accounts. Personal devices are not supported for curricular use by students.

Can standardized testing be administered on personally owned devices?
No - In order to provide a secure testing environment it is required that standardized testing be administered on Duneland owned devices.

Will a student have the same device each school year?
Students in grades 1- 8 will keep the same device. Students in grades Kg & 5 will receive a new different device.

What software applications will a student need on the computer?
All required student software will be installed by the IT department.

What if a loaned computer device is lost?
Students are responsible for the device while it is in their care. While a device is being repaired or replaced, the student will be provided another device to continue the learning process.

Is insurance provided for the devices?
DSC has provided insurance on all DSC student devices. This insurance provides protection against any damage, loss, or theft of the device. Information regarding student device insurance will be released prior to student registration.

What if a student device is damaged?
If a student’s device is damaged, the student is responsible for the cost of repair. While a device is being repaired the student will be provided a loaner device to continue the learning process.
During the school year

- DSC devices assigned to a student that incur minor chips, cracks, and small dents to the case and continue to be fully functional are not sent in for repair. Damage more severe such as, missing keys, damaged screen, large cracks in the cover or bezel, or loss of functionality, must be repaired immediately and the cost of parts/labor charged to the parents. Large cracks in the case are defined as anything big enough to allow damage to the circuit board or screen.

At the end of the school year

- For grades Kg -12, the student’s DSC device will be assessed for major damage and refurbished, if necessary. The charge to refurbish will be incurred by the parent.
- Note: If the device is going to be assigned to a new user, this ensures that the next recipient receives it in good condition and eliminates the possibility of paying for damage by an earlier user.
- For students being assigned the same computer the following year, minor damage will not be repaired at the end of the school year.

Withdrawals during the school year

Upon student withdrawal from a school the student’s device will be assessed for damage and refurbished, if necessary. The charge to refurbish will be incurred by the parent. Students moving within the district will retain their current DSC device and will not be issued a new device.

How much will it cost to repair a DSC device screen or replace an AC adapter?

- The amount to repair a damaged DSC device fluctuates based on parts availability and vendor cost. The cost of the parts are charged to the parent to repair the damage.

What if a student forgets to bring the device to school?

- It is the responsibility of the student to bring the computer device to school every day. If a student forgets to bring the device to school, the student may be provided a loaner device for use during the day. Students that frequently forget to bring their DSC Device may not be issued a loaned device and may be subject to disciplinary action.

Will my child be able to access outside internet sources while at school?

- Only the Internet gateway provided by the school may be accessed while in the school. The Duneland filtering and management systems include the following.
  - Internet sites are filtered using a category-based system and customized lists.
  - Webpages are analyzed for inappropriate content while loading.
  - Inappropriate student activity is flagged.
  - Real-time alerts occur when inappropriate content is accessed.

I do not have internet access at home, what can I do?

- Students that do not have internet at home will have accommodations made so that they can complete their assignments and/or tasks without internet. Local internet providers have special low cost programs available for students as well. More information can be obtained from the school.

How do students interact with other students and the teachers on the device?

- Interaction in blended programs can be categorized into several ways described below:
  - Activities that bring students together in a class or small groups at the school or school related events, such as virtual field trips.
  - Interaction using the learning management system or Google Apps with their teacher or students inside and outside their class or school.
  - Internet tools for sharing, presenting, and building learning communities.

Will students receive instruction on safe computer usage?

- Yes – Teachers will provide instruction and modeling of safe computer usage, as well as monitor students.
When using a computer, students should maintain neutral posture. Neutral body positioning is a comfortable working posture in which joints are naturally aligned. Working with the body in a neutral position reduces stress and strain on the muscles, tendons, and skeletal system and reduces the risk of developing a musculoskeletal disorder. The following are important considerations when attempting to maintain neutral body postures while working at the computer workstation:

- Hands, wrists, and forearms are straight, in-line and roughly parallel to the floor.
- Head is level or bent slightly forward, forward facing, and balanced. Generally it is in-line with the torso.
- Shoulders are relaxed and upper arms hang normally at the side of the body.
- Elbows stay in close to the body and are bent between 90 and 120 degrees.
- Feet are fully supported by the floor or a footrest may be used if the desk height is not adjustable.
- Knees are about the same height as the hips with the feet slightly forward.
- Regardless of how good a student’s working posture is working in the same posture or sitting still for prolonged periods should be avoided. Students will be taught to change working position frequently in the following ways:
  - Stretch your fingers, hands, arms, and torso.
  - Stand up and walk around for a few minutes periodically.

Adapted from https://www.osha.gov/SLTC/etools/computerworkstations/positions.html

To protect the eyes of students as they use their devices, teachers will support students and teach them how to reduce eyestrain.

- The work area should not be too bright or too dim, the human eye has to work extra hard to compensate for these environmental factors.
- Reduce glare that can be caused by sources of light such as windows, lamps, or overhead lighting. Glare can also be caused by too much contrast between the screen background and the displayed text. Adjust your monitor so that it is not reflecting the light source. Tilt the monitor down so that it doesn’t reflect overhead lights, or move it perpendicular to windows. Close shades or blinds if the computer cannot be moved. Move lamps so that they are not reflected directly in the monitor.
- If a student wears glasses or contacts and frequently experiences headaches while working at a computer, check with your eye doctor to make sure the prescription correct for the work.
- If the monitor is too far away, you may have to strain to read the print. Likewise, if it is too close, you may also strain your eyes. If the monitor is too high, you will have to angle your neck to look up at it, which could cause your neck to be sore, and may contribute to headaches. Also, when you are continually looking up, you may not fully close your eyes when you blink, and this can cause your eyes to dry out.
- When people concentrate, they blink less often. Sometimes they concentrate so hard that they blink only once per minute, instead of the normal once every five seconds. This, too, will cause the eyes to dry out and become irritated. Frequently look up from your monitor and focus on an object several feet away. Make a conscious effort to blink.
- A buildup of dust on the screen can make it hard to distinguish characters. This may also contribute to glare and reflection problems.

DUNELAND SCHOOL CORPORATION ELEARNING PROCEDURES FOR PARENTS AND STUDENTS

During the 2021-2022 school year, the Duneland School Corporation (DSC) will be utilizing eLearning days on November 2, 2021 and May 3, 2022. Schools will not be open on these days. eLearning days may also be added in response to inclement weather.

Student assignments will be posted by 8:00 AM on the eLearning day.

GENERAL INFORMATION:

Teachers will work with their students to ensure that they are adequately prepared for eLearning days. Teachers will review eLearning day procedures and classroom expectations.

Teachers will be available online during the eLearning day to answer questions or clarify assignments.

Teachers will communicate specific office hours within the assignment. During office hours, teachers should be actively communicating with students and parents. Parents and students are encouraged to email and/or communicate via Canvas.

Student work is expected to be submitted no later than two days after the eLearning day.

ELEMENTARY SCHOOLS (K-2)

- Parents will be provided access to student usernames and passwords
- Parents will receive communication from the teachers with the student expectations.
- Teachers will provide their DSC email address and office hours.

ELEMENTARY SCHOOLS (3-4)

- Parents will receive student expectations from the teacher in Canvas. Canvas will include all work necessary for that day including any supplementary links or resources.
- Teachers will have access to student usernames and passwords so that they can assist in the event that a student has trouble.
- Students will be expected to complete and submit the required tasks based on the included instructions.
- Teachers will respond to messages within Canvas as well as provide parents their DSC email address, so that they can respond during office hours.

INTERMEDIATE, CMS, CHS (5-12)

- Work for each class will be placed in Canvas with clear instructions for completion. Classwork will align with the lessons that will be taking place in the classrooms.
- Teachers will review and ensure that all students are able to access Canvas prior to the eLearning day.
- Teachers will be monitoring Canvas and their DSC email during office hours. Teachers may also be accessible at other times in addition to office hours.

TECHNICAL SUPPORT:

Students requiring technical support are encouraged to send a support request to StudentSupport@myduneland.org.

This email is for technical support only. Questions regarding classwork, assignments, and eLearning days should be directed to your student’s teacher.
SCHOOL BOARD POLICIES

All students are expected to adhere to the policies of the Board of School Trustees. All Board Policies can be found at:

https://go.boarddocs.com/in/duneland/Board.nsf/Public?open&id=policies#

5771 - SEARCH AND SEIZURE

The School Board recognizes its obligation to balance the privacy rights of its students with its responsibility to provide student, faculty, and authorized visitors with a safe, hygienic, and alcohol/drug-free learning environment.

In balancing these competing interests, the Board directs the Superintendent to utilize the following principles:

A. School Property

School facilities such as lockers and desks are school property provided for student use subject to the right of the Superintendent and his/her designee to enter the facility as needed and inspect all items in the facility searched. Students shall not have an expectation of privacy in any facility provided by the school and shall not be permitted to deny entry to a Corporation administrator by the use of a lock or other device.

B. Student Person and Possession

Prior to a search of a student’s person and personal items in the student’s immediate possession, consent of the student shall be sought by an administrator. If the student does not consent, such a search shall be permitted based only upon the administrator’s individualized reasonable suspicion to believe that the search will produce evidence of a violation of a law, school rule, or a condition that endangers the safety or health of the student or others. Searches of the person of a student shall be conducted and/or witnessed by a person of the same gender as the student and shall be conducted in a private place. The student may be given the option of selecting the witness from the faculty members on the school premises at the time of the search. A searched student’s parent or guardian shall be notified of the search within twenty-four (24) hours if possible.

Searches, pursuant to this policy, shall also be permitted in all situations in which the student is under the jurisdiction of the Board as defined by I.C. 20-8.1-5.1-8.

Permission for a student to bring a vehicle on school property shall be conditioned upon consent of the search of the vehicle and all containers inside the vehicle by a school administrator with reasonable suspicion to believe the search will produce evidence of a violation of law, a school rule, or a condition that endangers the safety or health of the student driver or others. The student shall have no expectation of privacy in any vehicle or in the contents of any vehicle operated or parked on school property.

The Superintendent may request the assistance of a law enforcement agency in implementing any aspect of this policy. Where law enforcement officers participate in a search on school property or at a school activity pursuant to a request from the Superintendent, the search shall be conducted by the law enforcement officers in accordance with the legal standards applicable to law enforcement officers.

C. Breath Test Instruments

Administrators are authorized to arrange for the use of breath-test instruments for the purpose of determining if a student has consumed an alcoholic beverage. It is not necessary for the test to determine blood-alcohol level, since the Board has established a zero tolerance for alcohol use.

D. Use of Dogs

The Board authorizes the use of specially-trained dogs to detect the presence of drugs or devices such as bombs on school property under the conditions established in the Superintendent’s administrative guidelines.

Anything found in the course of a search pursuant to this policy which constitutes evidence of a violation of a law or a school rule or which endangers the safety or health of any person shall be seized and utilized as evidence if appropriate. Seized items of value shall be returned to the owner if the items may be lawfully possessed by the owner. Seized items of no value and seized items that may not lawfully be possessed by the owner shall be destroyed.
The Superintendent shall promptly record in writing the following information for each search pursuant to this policy:

A. The information upon which the search was based
B. The time, date, location, students, or places searched, and persons present
C. A description of any item seized and its disposition
D. The time and date of notice to the parent or guardian in the case of the search of the person of a student

SECTION 504 OF THE REHABILITATION ACT OF 1973

Section 504 of the Rehabilitation Act of 1973 is a civil rights statute which provides that: "no otherwise qualified individual with handicaps in the United States...shall, solely by reason of his/her disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal assistance or activity by any Executive Agency or by the United States Postal Service.

There are three ways that a person may qualify as an individual with disabilities under the regulations.

A person is considered disabled under Section 504 if she/he:

1. Has a physical or mental impairment which substantially limits one or more major life activities (e.g., any student receiving service under the Individual Disabilities Education Act PL 94-142 (IDEA); drug addicted or alcoholic students; students with diabetes). The term does not cover children disadvantaged by cultural, environmental or economic factors.

2. Has a record or history of such an impairment (e.g., a student with learning disabilities who has been certified as eligible to receive special education under the IDEA; a student who had cancer; a student in recovery). The term includes children who have been misclassified (e.g., a non-English speaking student who was mistakenly classified as having mental retardation).

3. Is regarded as having such an impairment. A person can be found eligible under this section if he/she:
   a. Has a physical or mental impairment that does not substantially limit a major life activity, but is treated by the district as having such a limitation (e.g., a student who has scarring, a student who walks with a limp);
   b. Has a physical or mental impairment that substantially limits a major life activity only as a result of the attitudes of others towards such impairment (e.g., as student who is obese); or
   c. Has no physical or mental impairment, but is treated by the district as having such an impairment (e.g., a student who tests positive with the HIV virus, but has no physical effects from it).

WHAT IS A “MAJOR LIFE ACTIVITY?”

Major life activities include walking, seeing, hearing, speaking, breathing, learning, working, caring for oneself and performing manual tasks. The disabling condition need only substantially limit one major life activity in order for the student to be eligible.

Examples of potential disabling conditions under Section 504 if they substantially limit a major life activity, not typically covered under the Individuals with Disabilities Education Act, PL94-142 (IDEA):

1. Communicable diseases: AIDS, AIDS related complex (ARC) or symptomatic carriers of the AIDS virus (HIV), tuberculosis.
2. Temporary disabling conditions: students injured in accidents or suffering short term illness.
3. Behavior disorders
4. Chronic asthma and severe allergies
5. Physical disabilities such as spina bifida, hemophilia and conditions requiring children to use crutches
6. Diabetes

The Duneland School Corporation will provide each student in the district with an appropriate education.

Under Section 504, an appropriate education could consist of education in regular classes with the use of supplementary services, or special education and related services. Special education may include specially designed instruction in classrooms, at home or in private or public institutions, and may be accompanied by such related services as developmental, corrective and other supportive services, including psychological counseling and medical diagnostic services.
DUNELAND SCHOOL CORPORATION PARENTS/STUDENTS RIGHTS IN IDENTIFICATION, EVALUATION AND PLACEMENT

The following is a description of the rights granted by federal law to students with disabilities. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions.

You have the right to:

1. Have your child take part in, and receive benefits from public education programs without discrimination because of his/her disabling condition;
2. Have the school district advise you of your rights under federal law;
3. Receive notice with respect to identification, evaluation, or placement of your child;
4. Have your child receive a free appropriate public education in academics, non-academics and extracurricular activities.

   This includes the right to be educated with non-disabled students to the maximum extent appropriate. The provision of an appropriate education is the provision of regular or special education and related aids and services that are designed to meet individual educational needs of handicapped persons as adequately as the needs of non-handicapped persons are met and are based upon adherence to procedures that satisfy the requirements of, and implementation of an individualized education program developed in accordance with the Individuals with Disabilities Education Act;
5. Have your child educated in facilities and receive services comparable to those provided non-disabled students;
6. Have your child receive special education and related services if he/she is found to be eligible under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act;
7. Have evaluation, educational and placement decisions made based upon a variety of information sources, and by persons who have known the student, the evaluation data and placement options;
8. Have transportation provided to and from an alternative placement setting at no greater cost to you than would be incurred if the student were placed in a program operated by the district;
9. Have your child be given an equal opportunity to participate in non-academic and extracurricular activities offered by the district;
10. Examine all relevant records relating to decisions regarding your child's identification, evaluation, educational program and placement;
11. Obtain copies of education records at a reasonable cost unless the fee would effectively deny you access to the records;
12. A response from the school district to reasonable requests for explanations and interpretations of your child's records;
13. Request amendment of your child's educational records if there is reasonable cause to believe that they are inaccurate, misleading or otherwise in violation of the privacy rights of your child. If the school district refuses this request for amendment, it shall notify you within a reasonable time, and advise you of the right to a hearing;
14. Request mediation and/or an impartial due process hearing related to decisions or actions regarding your child's identification, evaluation, educational program or placement. You and the student may take part in the hearing and have an attorney represent you. A hearing request must be made to the local 504 officer:

   Assistant Superintendent Duneland School Corporation 601 W. Morgan Chesterton, IN 46304-2205

   and an independent Hearing Examiner will be assigned.
FAMILY EDUCATION RIGHTS AND PRIVACY ACT

FERPA, a federal law, requires that the Duneland School Corporation (DSC), with certain exceptions, obtain a parent/guardian’s written consent prior to the disclosure of personally identifiable information from a student’s education records. However, DSC may disclose appropriately designated “directory information” without consent, UNLESS A PARENT/GUARDIAN HAS ADVISED DSC TO THE CONTRARY.

The primary purpose of the directory information is to allow the district and its schools to include this type of information in certain publications such as a playbill or program, yearbook, honor roll or other special recognitions, graduation programs, and sports activity sheets or programs.

If a parent/guardian does not want the DSC to disclose directory information from his/her student’s education records, the parent/guardian must notify each individual school in writing by the first week in October. A complete copy of the FERPA law is available in full at each of the Duneland Schools main offices.

EDUCATIONAL RIGHTS OF HOMELESS STUDENTS

In compliance with the McKinney-Vento Act, U.S.C. 42 § 11432(a), students who are considered homeless have the following rights:

1. Immediate enrollment in the school they last attended or the school in whose attendance area they are currently staying even if they do not have all of the documents normally required at the time of enrollment;

2. Access to free meals and curricular materials, Title I and other educational programs, and other comparable services including transportation;

3. To attend the same classes and activities that students in other living situations also participate in without fear of being separated or treated differently due to their housing situations.

Any questions about these rights can be directed to the Duneland School Corporation at (219) 983-3600.

CIVIL RIGHTS ASSURANCE OF EQUAL OPPORTUNITY AND NONDISCRIMINATION STATEMENTS

Duneland School Corporation is committed to equal opportunity and does not discriminate on the basis of age, race, color, religion, sex, handicapping conditions, or national origin including limited English proficiency, in any employment opportunity. No person is excluded from participation in, denied the benefits of, or otherwise subjected to unlawful discrimination on such basis under any educational program or student activity.

If you have experienced discrimination in such educational programs or activities, written inquiries about procedures that are available and for consideration of complaints alleging such discrimination should be directed to the Duneland School Corporation, 601 W. Morgan Avenue, Chesterton, IN, or (219) 983-3600. For additional information, please see Board Policy 5517 Anti-Harassment.

INTERAGENCY INFORMATION SHARING AGREEMENT

The Duneland School Corporation is a member of a student service interagency agreement that allows for information to be shared with other agencies. These agencies may include police, juvenile probation, courts and many other community agencies that work with the youth of Porter County. This sharing of information was made possible through a court order by the Porter County Circuit Court.
SECTION I. CURRICULAR ACTIVITIES

I. Philosophy

The primary goal of the Duneland School Corporation (herein after referred to as “Duneland”) is to educate all students to their fullest human and academic potential. This cannot be achieved while health or safety is being threatened.

As one of the basic social institutions of this community, the schools help to pass on the values and behaviors of American society. It is in these institutions that our young people develop the ethical and social frameworks from which they will make future decisions as parents and leaders in all sectors of society.

Duneland recognizes that tobacco, alcohol, and other drug use in our schools is absolutely opposed to everything an educational institution represents. Tobacco, alcohol, or other drug use by youth is illegal and any use of illicit drugs by students is abuse.

The maintenance of acceptable general conduct and behavior is a shared responsibility of the students, families, staff and community. Duneland wishes to cooperate with all segments of the community in making assistance available to all students who develop disabilities related to tobacco, alcohol, and/or other drugs.

Therefore, it is crucial that Duneland publicize and enforce clearly written statements of school policy and procedures covering curricular, co-curricular and extra-curricular activities. These statements must include attendance, curriculum, and discipline guidelines, as well as prevention, intervention, re-entry and remedial programs.

II. Statement of Purpose

Duneland believes that tobacco, alcohol, and other drug use awareness and prevention can be developed through comprehensive educational programs. It is assumed that a student wants to stay in school or, if the student chooses to drop out, he/she will eventually want to return to complete an educational program. The Positive Life Program of the Duneland Schools is formed to offer efficient, uniform, fair, and legal application of our policies, allowing for consistent management of specific situations in all buildings; providing legal protection to employees; providing standards for students and employees; assisting in reducing tobacco, alcohol, and other drug use, as well as absenteeism, tardiness, suspensions and expulsions; and giving sanction to those in need of non-judgmental intervention, support and/or aftercare guidance.

Duneland strives to reflect the school and community values regarding health and safety for students. Duneland also recognizes that a person’s use of tobacco, alcohol, and/or other drugs can lead to the illness of chemical dependency. Recovery is possible when the illness is identified and treated appropriately.

Duneland reinforces the student’s accountability and responsibility for his/her behavior, while promoting a safe environment, free from tobacco, alcohol and other drugs.

Duneland will provide prevention education, intervention services, referral for treatment, and re-entry into the school setting for students whose behavior interferes with the education and safety of themselves or others.

Duneland will respond systematically and professionally to students’ problems as they appear in school. Procedures will be used that acknowledge and respect the civil, personal and due process rights of the students involved. We will enlist the support and involvement of staff members and cooperating agencies to achieve a comprehensive program. Duneland considers it proper for the Positive Life Program to be enforced in Kindergarten through grade 12. It is likewise important to offer in-service activities for employees and students, as well as programs for families and community members. The programs presented in this document reflect our understanding of a balance between the school’s need to maintain its primary educational purpose and its duty to respond to individual needs of students.

Duneland will record and maintain records of every student violation of the rules included herein and will use this data for tracking the progress and effectiveness of the “Positive Life Program” as well as using the information to establish quantifiable goals and benchmarks for altering the program as needed.
Training for personnel will be available in order to properly implement the Positive Life Program. The administrator (or his/her designee) has the responsibility to operate the Positive Life Program and interpret the corporation’s policy to students, staff, parents and/or legal guardians, and the community.

Final decisions regarding disciplinary action and the consequences of other violations of this program will be made by the administrator or his/her designee.

Duneland’s protection from liability will be extended to all staff to the extent that they act in accordance with this program and observe the procedures established within their respective buildings.

III. Prevention

Duneland will provide students with information and activities focused on preventing the use of tobacco, alcohol and other drugs.

A. Classroom Instruction

1. All schools will have instructional programs which are designed to assist students in making responsible decisions about the use of tobacco, alcohol, and other drugs. Current and accurate information about the effects of drugs on the body is only one component of an instructional prevention program. Other components include instruction and skill development related to self-esteem, setting goals, making responsible decisions, understanding feelings, managing conflicts, solving problems, learning refusal techniques, and improving communication.

2. Training in prevention strategies and new curriculum materials will be available to staff.

B. Counseling

1. Elementary/Intermediate counseling personnel will assist teachers with the implementation of classroom instruction on tobacco, alcohol, and drug prevention activities. Counselors will work with students, individually and in groups, to supplement prevention instruction and skill development. Counselors will also work with staff and families to maximize the prevention efforts of the school.

2. Secondary counselors will work with the issue of tobacco, alcohol and other drug use in individual counseling efforts, recognizing that denial is a major issue and active intervention is often necessary. They will consult with teachers, administrators, and families, in regard to referring students for assessments or treatment centers when necessary.

C. School Climate

Prevention efforts will emphasize effective communication throughout all levels of the educational environment. Communication requires an audience ready to receive information. A receptive audience is dependent upon maintaining a positive and healthy school environment that daily encourages the student’s positive self-concept, enthusiasm for learning, outlets for self-development and creativity, responsible decision-making and problem-solving. Recognition of special needs of high-risk students or of families experiencing stress is important.

D. Family and Community

Duneland’s program for prevention of tobacco, alcohol and other drug use will include a plan to involve families and community to increase awareness and knowledge of services available to them. Students, families and community members should be actively involved in the community and school partnership.

E. Drug Testing Procedures Related to Reasonable Suspicion Purpose:

The purpose of this program is two-fold:

1. To deter the use of illegal substances at Chesterton High School and Chesterton Middle School

2. To enhance the health and safety of all students.

The Administration shall have the authority to require any student to submit to a chemical test if the administration has reasonable suspicion to believe the student is using or under the influence of alcohol, marijuana, or any controlled substance as defined by the school corporation policy.
Reasonable suspicion may arise but is not limited to the following:

A. A student’s physical appearance and/or odor indicate the use of alcohol, marijuana, or any controlled substance.
B. Possession of drug paraphernalia, alcohol, marijuana, or any other controlled substance.
C. Information communicated to an administrator by a teacher, parent, or other adult or student indicating that a student is using, possessing, or under the influence of alcohol, marijuana, tobacco, or any other controlled substance
D. Violation of the Closed Campus Policy.
E. Any information obtained by Internet or any other electronic device.

If a student tests positive, disciplinary action will be taken as outlined in the student handbook under Disciplinary Procedures, due to circumstances leading to the test. A student’s refusal to submit to the test is considered a “positive” result and will require appropriate disciplinary action.

The Testing Procedures will consist of a specimen taken at Chesterton High School or Chesterton Middle School by an administrator and/or his/her designee. The specimen will be immediately sealed and labeled for shipment to the toxicology lab. The sealing of the specimen collector will take place in the presence of the student and another witness to maintain Chain of Custody.

The sealed container cannot be opened until it arrives at the toxicology lab and is opened by a certified technician.

The school will notify the parent/guardian of the student whenever a specimen is taken and the results thereof.

The school will pay for all initial reasonable suspicion drug tests.

A request on appeal for another test is the financial responsibility of the student and/or his/her parent/guardian.

The testing lab will be authorized to report test results ONLY to the principal or his/her designee. The testing lab will not be authorized to release testing results to any other agency or individual other than Chesterton High School or Chesterton Middle School.

F. Random Drug Testing of Students participating in a “privileged activity”.

It is the position of Duneland School Corporation that participation in co-curricular and extra-curricular activities, and driving to school is a privilege extended to individuals who have the ability to perform and the character to conduct themselves in the proper manner.

When students choose to participate in co-curricular and extra-curricular activities, and/or drive to school they are expected to behave at all times in a manner, which portrays a positive image of themselves, our school, and the community. A “privileged activity” is participating in a co/extra curricular activity or driving to school.

1. It is mandatory that each student who participates in a “privileged activity” and his/her parent/guardian sign and return the drug-testing consent form prior to participation in any privileged activity. Failure to comply will result in nonparticipation.
   Students not participating in a privileged activity may have their names included in the drug testing pool at the request of their parents/guardians.
   Together, these students will make up the group herein described as the “pool.”
   Testing will be done using numbers, not students’ names.

2. The contracted laboratory will randomly select students periodically from the existing pool. Seven CHS students and three CMS students will be selected from the pool.

3. Selected students will proceed to the designated testing area. The contracted laboratory’s staff will collect the samples. (Student privacy will be maintained during the collection sample.) The contracted laboratory will be responsible for the validity of the sample, and assure the protective chain of custody.

4. Results of the test will be returned to the Positive Life Program Director and/or an administrative designee.
5. Once tested, the student's number will be automatically returned to the pool and may be randomly selected again.

6. The results of the test will be shared with the parents/guardians by the Positive Life Program Director or administrative/designee. A positive test result will be treated as a first violation for disciplinary purposes. If satisfactory compliance does not meet the criteria of the Positive Life Program, the student will be tested a second time. A second positive test result will be treated as a second violation.

The administration will follow due process procedure in the Positive Life Policy Section 2, paragraph VII.

IV. Intervention

Duneland's intervention strategy is intended to address any signs and/or symptoms of unexplained medical and/or behavioral problems or patterns in ways that serve the best interests of the students involved as well as those of the rest of the student body. This intervention program will utilize a team approach when inappropriate behaviors are observed.

A. The following definitions pertain to this section of the policy:

1. Assessment—An evaluation of any signs and/or symptoms of unexplained medical and/or behavioral problems or patterns which may include tobacco, alcohol and other drug use. This assessment will be made by a trained professional.

2. Intervention—A carefully planned confrontation with a student who is unable or unwilling to help him/herself.

3. Treatment—A program in which the student and his/her family begin the process of recovery with the guidance of a trained professional.

B. Referrals to Positive Life Program

1. Students may be referred to the Positive Life Program for an intervention by any staff member or employee who is aware of a student who manifests any signs and/or symptoms of unexplained medical and/or behavioral problems or patterns.

2. Students may be referred to the Positive Life Program Director and/or counselor by themselves or by peers, parents or community representatives.

3. An essential feature of the program is that students and their family members are encouraged to contact administrators, Positive Life Program members or counselors for help with tobacco, alcohol and other drug-related problems, with the assurance that such contacts will be handled discreetly.

4. Records of the student's participation in the program will not become part of the student's permanent record or cumulative file. The Positive Life Program Director will consider interventions in cases of suspected tobacco, alcohol and other drug use and make recommendations for appropriate action or assistance. Interventions are appropriate when tobacco, alcohol and other drug use is a possibility, not a proven fact. In situations where students are proven to be in violation of school rules, the appropriate disciplinary action will be taken.

C. Referral Expectations

The school staff is expected to refer to the principal or designee.

1. Any student who exhibits a definite and repeated pattern of unacceptable school performance which does not respond to usual and customary attempts to correct it;

2. Any student exhibiting signs or symptoms of a tobacco, alcohol and/or other drug-related problem;

3. Any student whose self-disclosed tobacco, alcohol, and/or drug-related behavior places him/her or others at risk or in imminent danger.

D. Referral Procedure:

1. A staff member observes signs and/or behavioral problems or patterns.

2. A staff member will report verbally or in writing documenting the behavioral problems or patterns and deliver to the student assistance team leader. The referral will be confidential and the name of the referring person will not be shared with the student and parent or legal guardian.

3. The referring staff member will be notified of action taken if he/she is not present at the meeting.

4. The Positive Life Program Director and/or counselor is responsible for seeing that the recommendations are followed.
5. Parents and/or legal guardians of all students participating in the intervention process will be notified as soon as possible.
   a. In cases when the Positive Life Program Director postpones this notification it must document reasons for the decision to do so.
   b. Failure of parent or legal guardian to secure professionally recommended treatment will result in referral to the appropriate community agency, i.e. Welfare Department as indicated/required by the “CHINS” law (I.C. 31-6-4-3).

E. Self/Peer/Parent/Legal Guardian Referral Procedures
   1. A referral may be made by a student, a peer, or by his/her parents or legal guardian and the procedure will be the same as that outlined in Section I. (IV.D.).
   2. Except for violations reported under Section I. (V.C.), a student who self-refers and who is making satisfactory progress in following his/her recommendations will not be liable to suspension, co-curricular and/or extra-curricular ineligibility, or other disciplinary action for behavior which occurs prior to self-referral unless:
      a. The student discloses conduct already reported under Section I. (V.C.) as a witnessed violation, OR
      b. The student fails to follow the Positive Life Program Director and/or counselor’s recommendations or to make satisfactory progress in the Positive Life Program.

V. Discipline
Students who are using tobacco, alcohol, and other drugs need an education as much as drug-free students. While using appropriate procedures to address the student’s drug use problem, consideration will be given to keeping the interruption of a child’s learning to a minimum.

A. Guidelines
   1. These rules will be applied to every student.
   2. Substances covered under these rules include any alcoholic beverage, narcotic drug, hallucinogenic drug, inhalant, anabolic steroid, barbiturate, amphetamine, marijuana, nicotine, tobacco, electronic smoking device or e-cigarettes, any other stimulant such as phenylpropanolamine, depressant, intoxicant of any kind, substance purported to be one of the above, a look alike, or any counterfeit controlled substance. The proper use of medication prescribed by a medical doctor, a dentist, or other health care provider authorized by law to prescribe medication for that student does not violate this rule.
   3. The following are prohibited in school buildings, on school grounds, in school vehicles, or at any school-sponsored activities at any location at any time:
      a. Possessing, using or purchasing tobacco, electronic smoking devices or e-cigarettes, alcohol, other drugs and drug paraphernalia or being under the influence.
      b. Selling, providing, distributing or manufacturing tobacco, electronic smoking devices or e-cigarettes, alcohol, other drugs, or drug paraphernalia.
   4. Because of the potential dangers to the student presented by usage of tobacco, electronic smoking devices or e-cigarettes, alcohol, and/or other drugs, students exhibiting evidence of acute intoxication, incapacitation, or a drug overdose in school or at school-sponsored events will be transported immediately to a local hospital or facility designated to provide detoxification services, followed by immediate notification of parents and/or legal guardian and police. Following his/her return to school, Section V, Paragraph C. Disciplinary Procedures will be implemented.

B. Search and Seizure: The search of a student’s person or property shall be based on a reasonable suspicion that the student has in his/her possession any item of an illicit nature, stolen property, other such contraband that he/she is forbidden to possess, materials which may have been used to cause disruption to the educational process, or which may endanger the health or safety of students or school personnel. The principal, or his/her designee, or school security personnel shall have the authority to examine, or cause to be examined, a student’s person or property. The search may include:
   1. The student’s clothing including pockets.
   2. A “pat down” of the exterior of the student’s clothing.
3. Any item used by or in the possession of the student. Searches of the person of a student as provided above shall be conducted by a building administrator or his/her designee, or school security personnel in a private room by a person of the same sex as the student being searched. A witness shall be present during the search. Lockers, desks and tote trays are considered school property. The school has authority over all such items and reserves the right to conduct a search for the purpose of preserving discipline, health and safety. Students may not use their own locks. Unauthorized locks may be removed and destroyed without notice. Searches of automobiles include any vehicle a student has operated, occupied or otherwise been a passenger of, either directly before or after school, during school hours, or at school sponsored events. Any contraband or controlled substance discovered as a result of a search shall be seized and a chain of custody maintained. A written report of any incident involving controlled substances shall be made to the police as required under Indiana Code 35-48-5 (Duty of school personnel to report crimes involving drugs to police). This report shall include the names of persons involved, the date, time and location of the incident, a description of the item(s) seized and the exact location and the chain of custody. Any action by a student who fails to cooperate with or hinders an appropriate search shall be construed as grounds for disciplinary action and may include suspension and recommendation for expulsion.

C. Disciplinary Procedures:

1. Possessing, using, or purchasing of alcohol and/or other drugs, drug paraphernalia or being under the influence of alcohol and/or other drugs will result in the following:

a. First violation:
   (1) Notification of the parents or legal guardians.
   (2) An immediate due process conference as prescribed by law (I.C. 20-8. 1-5-4 through 6) between student and principal or his/her designee prior to any recommendation for suspension or expulsion.
   (3) A report made with local law enforcement officials by the school administration or security officer as required by IC 20-33-9.

b. Waiver of Expulsion: Expulsion may be waived ON THE FIRST VIOLATION based on the following criteria:
   (1) Elementary/Intermediate students may be assigned to one or two days of in-house suspension or other appropriate discipline by the principal and/or a designee.
   (2) Secondary students will be suspended from attendance at school for a period of one to ten days. An individualized re-entry plan will be formulated at this time. The assessment will be reviewed at this time. The recommendation may include required attendance of the student and his/her parents or guardian at a substance awareness program. Failure to comply with the individualized re-entry plan will result in a recommendation for expulsion.

c. Second and subsequent violations:
   (1) Notification of the parents or legal guardians.
   (2) An immediate due process conference as prescribed by law (I.C. 20-8. 1-5-4 through 6) between student and principal or his/her designee prior to any recommendation for suspension or expulsion.
   (3) A report made with local law enforcement officials by the school administration or security officer as required by IC 20-33-9.
   (4) Disciplinary due process will result in:
      (a) Suspension of the student from attendance at school for a period of five to ten days.
      (b) Recommendation for expulsion of the student.
(5) The student may be expelled from attendance for the remainder of the current semester and the following semester depending on the recommendation of the hearing officer and decision of the superintendent.

(6) A student may be reinstated on probation following an expulsion hearing which may occur after a conference with the student, parent or legal guardian, principal, student assistance team leader, and counselor. An individualized plan will be formulated for each re-entering student.

2. Selling/providing/distributing/manufacturing alcohol and other drugs and/or drug paraphernalia will result in the following:
   a. The parents or legal guardians will be notified.
   b. An immediate due process conference as prescribed by law (I.C. 20-8. 1-5-4 through 6) between student and principal or his/her designee prior to any recommendation for suspension or expulsion.
   c. A report made with local law enforcement officials by the school administration or security officer as required by IC 20-33-9.
   d. Disciplinary due process result in suspension of the student from attendance for a period of five to ten days and recommendation for expulsion. Documented proof of an assessment will be required as part of the procedures at the expulsion hearing.
   e. The student's possible expulsion from attendance for the remainder of the current semester and the following semester depend on the recommendation of the hearing officer and the decision of the superintendent.
   f. A student may be reinstated on probation following an expulsion hearing which may occur after a conference with the student, parent or legal guardian, principal, student assistance team leader, and counselor. An individualized plan will be formulated for each re-entering student.

3. Possessing or using tobacco, electronic smoking devices, or e-cigarette products will result in the following:
   a. First Violation:
      (1) The parents and/or legal guardians will be notified.
      (2) An immediate due process conference as prescribed by law (I.C. 20-8. 1-5-4 through 6) between student and principal or his/her designee prior to any recommendation for suspension.
      (3) High school students will face a one to five day suspension. There is a fifteen dollar ($15) fee for these classes.
      (4) Middle school student and his/her parents may choose a one-to-three day in-school suspension for the student.
      (5) Elementary/Intermediate principals may substitute an appropriate penalty and/or learning experience to replace in-school suspension.
      (6) Indiana Code
         The building administration will request the appropriate police department to write a citation for those students violating the Indiana Code on possessing or using tobacco products. Students less than eighteen years of age identified to be possessing or using tobacco products will be reported to appropriate Police Department requesting a citation be issued as per I.C. 35-46-1-10.5 Penalty for purchase or acceptance of tobacco by a minor Sec. 10.5 a person less than eighteen (18) years of age who:
            (a) purchases tobacco; or
            (b) accepts tobacco for personal use; commits a Class C infraction.
   b. Second Violation:
      (1) The parents and/or legal guardians will be notified.
      (2) An immediate due process conference as prescribed by law (I.C. 20-8.1-5-4 through 6) between student and principal or his/her designee will take place prior to any recommendation for suspension.
High school students will be suspended for a three to ten day period.

Middle school students will be assigned three days of in-school suspension or out-of-school suspension.

Elementary/Intermediate principals may substitute an appropriate penalty and/or learning experience to replace in-school suspension.

Indiana Code

The building administration will request the appropriate police department to write a citation for those students violating the Indiana Code on possessing or using tobacco products I.C. 35-46-1-10.5 Penalty for purchase or acceptance of tobacco by a minor Sec. 10.5 a person less than eighteen (18) years of age who:

(a) purchases tobacco; or
(b) accepts tobacco for personal use; commits a Class C infraction.

c. Third Violation:

(1) The parents and/or legal guardians will be notified.

(2) An immediate due process conference as prescribed by law (I.C. 20-8.1-5-4 through 6) between student and principal or his/her designee prior to any recommendation for suspension.

(3) Disciplinary due process will result in suspension of the student from school pending recommendation for expulsion.

Indiana Code

The building administration will request the appropriate police department to write a citation for those students violating the Indiana Code on possessing or using tobacco products I.C. 35-46-1-10.5 Penalty for purchase or acceptance of tobacco by a minor Sec. 10.5 a person less than eighteen (18) years of age who:

(a) purchases tobacco; or
(b) accepts tobacco for personal use; commits a Class C infraction.

(5) The student may be expelled from attendance for the remainder of the current semester and the following semester depending on the recommendation of the hearing officer and the decision of the superintendent.

(6) A student may be reinstated on probation following an expulsion hearing provided a conference is held with the student, parent or legal guardian, principal, student assistance team leader, and counselor. An individualized plan will be formulated for each re-entering student.

VI. Re-entry and Aftercare

The school staff, student, parents or legal guardian, and treatment personnel will work cooperatively to facilitate the student’s re-entry.

The Positive Life Program Director will do periodic evaluations concerning the student’s re-entry program, academic performance, and behavior in school. This evaluation will be made by the Positive Life Program Director and/or counselor in consultation with the administrator, coaches or co-curricular sponsors where appropriate.

A. For a student to be readmitted to school following suspension for tobacco, alcohol, or drug-related violation, the following will occur:

1. A plan will be developed with the parents or legal guardian and the student.

2. Follow-up activities for the student’s re-entry plan options include, but are not limited to the following:

   a. Periodic consultation with school counselor,
   b. Involvement in co-curricular and extracurricular activities,
   c. Following school policies, assessment recommendations, and individualized plan,
   d. Attending classes and/or programs on tobacco, alcohol and other drugs.
B. For a student to return to school following treatment, the following will occur:

1. Conference with the student, parent or legal guardian, principal, Positive Life Program Director and/or counselor will take place to formulate an individualized plan for the student’s re-entry. Written documentation for aftercare procedures shall be presented.

2. The student re-entry plan may include, but is not limited to the following:
   a. Individual contact with school counselor,
   b. Arranging the class schedule to meet the student’s individual needs,
   c. Becoming involved in co-curricular and extracurricular activities,
   d. Following school policies and individualized plan.

SECTION 2 STANDARDS OF CONDUCT FOR PARTICIPATION IN COCURRICULAR AND EXTRACURRICULAR ACTIVITIES

I. Statement of Philosophy

It is the belief of those concerned with the development of youth that membership and participation in co-curricular and extracurricular activities have a positive effect in the development of constructive attitudes for citizenship and life skills.

The co-curricular and extra-curricular phase of the total educational program is an area in which leaders of youth have a unique opportunity to instill desirable qualities, among which may be principles of justice, fair play, good sportsmanship, respect for rules and authority, respect for others, respect for one's own health and physical well-being, development of leadership, group pride, teamwork, self-discipline, and self-sacrifice.

It is the position of Duneland that participation in co-curricular and extra-curricular activities is a privilege extended to individuals who have the ability to perform and the character to conduct themselves in the proper manner. When students choose to participate in co-curricular and extra-curricular activities, they place themselves in the public eye. Participants are expected to behave at all times in a manner which portrays a positive image of themselves, the team, the school and the community.

Therefore, it is important that participants and their parents or legal guardian be aware of the philosophy and rules and regulations under which they will be given the opportunity to participate. As a prerequisite to participation, all students involved in co-curricular and extra-curricular activities will be required to file a form signed by parent/or legal guardians and participant indicating that they have read and agreed to the rules and regulations governing their participation. The rules and regulations shall be enforced throughout the calendar year for activities including, but not limited to, academic competition, athletics, class offices, cheerleaders, clubs, drama, forensics, music, National Honor Society, Student Government and other school competitions or performances.

Duneland will respond systematically and professionally to students' problems as they appear in co-curricular and extra-curricular activities. We will use procedures that acknowledge and respect the civil, personal, and due process rights of the students involved. We will enlist the support and involvement of staff members and cooperating agencies to achieve a comprehensive program. The policies presented in this document reflect our understanding of a balance between the school's need to maintain its primary educational purpose and its duty to respond to individual needs of students.

II. Academic and Attendance Requirements

A. Students must request assignments from their teacher in advance if they are going to miss a class for a performance scheduled contest, program or trip. Students should make special arrangements for such assignments with the teacher involved in order to be eligible to participate in the event.

B. Regular attendance at school is required of all participants. Students must attend school on the day of a contest in order to participate in the event unless permission is granted for unusual circumstances by an administrator.

C. Extending IHSAA regulations to all activities, high school students must have received passing grades at the end of their last grading period in school in at least five full credit subjects or the equivalent and must be currently passing in at least five full credit subjects or the equivalent in order to be eligible to participate in the event.
D. Middle school students are encouraged to participate in as many co-curricular and extracurricular activities as they choose. It must be understood that the price of participation is good effort academically and behaviorally in the classroom. Middle school students may not have any grade of F in an academic or conduct area. Failure to meet these standards will result in the participant being placed on probation. Judgments will be based upon individual expectations for each student.

If at ANY time, a student involved in co-curricular and extra-curricular activities is not performing academically or is not behaving according to expectations, the student may be placed on probation. (This procedure may be initiated by a classroom teacher, coach, sponsor, homeroom teacher, or principal. The initiator informs the student and the assistant principal of the student’s problem.)

III. Intervention

Duneland’s intervention strategy is intended to address any signs and/or symptoms of unexplained medical and/or behavioral problems or patterns in ways that serve the best interests of the students involved as well as those of the rest of the student body. This intervention program will utilize a team approach when inappropriate behaviors are observed.

A. Self/Peer/Parent/Legal Guardian Referral Procedures

1. A referral may be made by a student, a peer, or by his/her parents or legal guardian.
2. A student using this procedure who is making satisfactory progress in following the Student Assistance Team recommendations will not be liable to suspension, co-curricular and/or extracurricular ineligibility, or other disciplinary action for behavior which occurs prior to self-referral unless:
   a. The student discloses conduct already reported as a witnessed violation, OR
   b. The student fails to follow the Positive Life Program Director and/or counselor’s recommendations or to make satisfactory progress in the Positive Life Program.

B. Referrals to Positive Life Program

1. Referral of a student to the student assistance team does not necessarily constitute an allegation that a student has a tobacco, alcohol, and/or drug-related problem.
2. Students may be referred to the Positive Life Program Director for an intervention by any staff member or employee who is aware of a student who manifests any signs and/or symptoms of unexplained medical and/or behavioral problems or patterns.
3. Students may be referred to the Positive Life Program Director and/or counselor by themselves or by peers, parents or community representatives.
4. An essential feature of the program is that students and their family members are encouraged to contact administrators, Positive Life Program Director or counselors for help with tobacco, alcohol and other drug related problems, with the assurance that such contacts will be handled discreetly.
5. Records of the student’s participation in the program WILL NOT BECOME PART OF THE STUDENT’S PERMANENT RECORD OR CUMULATIVE FILE.

The Positive Life Program Director will consider interventions in cases of suspected tobacco, alcohol and other drug use and make recommendations for appropriate action or assistance. Interventions are appropriate when tobacco, alcohol and other drug use is a possibility, not a proven fact.

IV. Violations of Local, State, or Federal Law

A. Students who are convicted of violating local, state or federal law which are classified as misdemeanors or felonies shall be ineligible to represent the school in any performance, scheduled contest, program or trip until reinstated by the principal and the sponsor.

V. Violation of School Rules

A. Students suspended from school for violation of school rules will be ineligible to participate in any co-curricular and extra-curricular activities during the time of suspension.
B. Students suspended from school for violation of school rules may be ineligible to participate in any co-curricular activities during the time of suspension. If a student is ineligible to participate in an activity in which a grade is given, the student will be assigned an alternate activity.
C. A positive drug screen result for students who drive to school will result in the loss of driving privileges to and from school for 35 days.
VI. In School Violations by Extracurricular Participants

A. In addition to the procedures and penalties mentioned in Section 1 (V.C.) of the Disciplinary Procedure for possessing, using or purchasing tobacco will result in the following:

1. First Violation: The student will be suspended from 40% of the scheduled contests or events. The determination of 40% of the season shall be established by the director/sponsor of the activity and school principal. The school principal or his/her designee may reduce the penalty of an educational program and a minimum of 20% of the season when a team investigation of all circumstances verifies that such a change would be appropriate. The 40% suspension will be re-instated if the requirements of the educational program are not satisfactorily completed. Suspensions carry over from one season to another, and if out of season, for the next event season in which the participant will perform. (This rule will cover any and all concurrent participation, and cannot be circumvented by a student who chooses to participate in an activity in which he/she has not previously participated.) The appropriate police department will be requested to write a citation for those students violating Indiana Code.

2. Second Violation: The student will be suspended from co-curricular and extra-curricular activities from current season as well as the next season during which the student will participate. The appropriate police department will be requested to write a citation for those students violating Indiana Code.

3. Third Violation: The student will be suspended from co-curricular and extra-curricular activities for the remainder of his/her high school career. The appropriate police department will be requested to write a citation for those students violating Indiana Code.

B. In addition to the procedures and penalties mentioned in Section 1 (V.C.) of the Disciplinary Procedures for possessing, using or purchasing alcohol and/or other drugs and drug paraphernalia, or being under the influence will result in the following:

1. First Violation: The student will be suspended from 40% of the scheduled contests or events. The determination of 40% of the season shall be established by the director/sponsor of the activity and school principal. The school principal or his/her designee may reduce the penalty of an educational program and a minimum of 20% of the season when a team investigation of all circumstances verifies that such a change would be appropriate. The 40% suspension will be re-instated if the requirements of the educational program are not satisfactorily completed. Suspensions carry over from one season to another, and if out of season, for the next event season in which the participant will perform. (This rule will cover any and all concurrent participation, and cannot be circumvented by a student who chooses to participate in an activity in which he/she has not previously participated.) The appropriate police department will be requested to write a citation for those students violating Indiana Code.

2. Second Violation: Suspension for the remainder of the current season plus suspension for the next season in which the participant will perform. (This rule will cover any and all concurrent participation, and cannot be circumvented by a student who chooses to participate in an activity in which he has not previously participated.)

3. Third Violation: Suspension from co-curricular and extra-curricular activities for the remainder of his/her high school career.

C. In addition to the procedures and penalties mentioned in Section I. (V.C.) of the Disciplinary Procedures for selling, providing, distributing, manufacturing alcohol, other drugs and/or drug paraphernalia, the following conditions will apply upon reinstatement:

1. Penalty
   a. First Violation: One year suspension from all co-curricular and extra-curricular activities.
   b. Second Violation: Suspension from all co-curricular and extra-curricular activities for the duration of high school career.

2. Reinstatement of Co-curricular and Extra-curricular privileges.
   The student will be required to follow a specified reinstatement plan formulated by the principal, Positive Life Program Director, counselor, coach and/or co/extracurricular sponsor. In the event that a student has multiple disciplinary events or ineligibility, removal from the said co-curricular class/activity will be discussed with the coach/teacher, parent/guardian(s) and student. Students removed from a co-curricular in the middle of any grading period will receive a withdraw/ fail on their transcript.
The ultimate responsibility for maintaining eligibility (behavioral and academic) rests with the individual student. It will be the responsibility of each coach, sponsor, and/or faculty advisor to determine and report to the student, parents and administration that each student under his/her charge complies with the standards set forth in this handbook.

VII. Out of School Violations

A. In addition to the procedures and penalties mentioned in Section 1. (V.C.) of the Disciplinary Procedure for possessing, using or purchasing tobacco will result in the following:

1. First Violation: The student will be suspended from 40% of the scheduled contests or events. The determination of 40% of the season shall be established by the director/sponsor of the activity and school principal. The school principal or his/her designee may reduce the penalty of an educational program and a minimum of 20% of the season when a team investigation of all circumstances verifies that such a change would be appropriate. The 40% suspension will be re-instated if the requirements of the educational program are not satisfactorily completed. Suspensions carry over from one season to another, and if out of season, for the next event season in which the participant will perform. (This rule will cover any and all concurrent participation, and cannot be circumvented by a student who chooses to participate in an activity in which he/she has not previously participated.) The appropriate police department may be requested to write a citation for those students violating Indiana Code.

2. Second Violation: Suspension for the remainder of the current season plus suspension for the next season in which the participant will perform. (This rule will cover any and all concurrent participation, and cannot be circumvented by a student who chooses to participate in an activity in which he has not previously participated.) The appropriate police department may be requested to write a citation for those students violating Indiana Code.

3. Third Violation: The student will be suspended from co-curricular and extracurricular activities for the remainder of his/her high school career. The appropriate police department will be requested to write a citation for those students violating Indiana Code.

B. Possessing, using or purchasing of alcohol and/or other drugs, and drug paraphernalia, or being under the influence will result in the following:

1. Disciplinary Procedures
   a. First Violation: The student will be suspended from 40% of the scheduled contests or events. The determination of 40% of the season shall be established by the director/sponsor of the activity and school principal. The school principal or his/her designee may reduce the penalty of an educational program and a minimum of 20% of the season when a team investigation of all circumstances verifies that such a change would be appropriate. The 40% suspension will be re-instated if the requirements of the educational program are not satisfactorily completed. Suspensions carry over from one season to another, and if out of season, for the next event season in which the participant will perform. (This rule will cover any and all concurrent participation, and cannot be circumvented by a student who chooses to participate in an activity in which he/she has not previously participated.)
   b. Second Violation: Suspension for the remainder of the current season plus suspension for the next season in which the participant will perform. (This rule will cover any and all concurrent participation, and cannot be circumvented by a student who chooses to participate in an activity in which he has not previously participated.)
   c. Third Violation: Suspension from co-curricular and extra-curricular activities for the remainder of his/her high school career.

2. Reinstatement of Co-curricular and Extra-curricular privileges
   The student will be required to follow a specified reinstatement plan formulated by principal, student assistance team leader, counselor, coach and/or co/extra-curricular sponsor.
C. Selling, providing, distributing, manufacturing, alcohol and other drug and drug paraphernalia will result in the following:

1. Penalty
   a. First Violation: One year suspension from all co-curricular and extra-curricular activities.
   b. Second Violation: Suspension from all co-curricular and extra-curricular activities for the duration of high school career.

2. Reinstatement of Co-curricular and Extra-curricular privileges
   The student will be required to follow a specified reinstatement plan formulated by principal, student assistance team leader, counselor, coach and/or co/extracurricular sponsor.

VIII. Rumors & Social Media
A student will be interviewed for a possible Positive Life Program violation by a coach, advisor, sponsor, or administrator if information is presented to be rumor or hearsay. Evidence of a violation that comes from social media platforms, such as Facebook, Twitter, Snapchat, etc., will be considered as evidence. The principal and or designee will conduct an investigation into the allegation. If verified, discipline will be consistent with Section I, (V.C.).

IX. Accusation Procedures
A student may be accused of violating the principles of the Positive Life Program by another student or students, faculty, staff, administrator, parent or via anonymous source. A student may also be accused upon a signed, sworn testimony of one or more citizens of the community. This sworn statement must be made in writing at the appropriate principal’s office within thirty days of said violations. If the accused claims innocence, a three member panel appointed by the principal will, within five school days, conduct a hearing to determine guilt or sustain innocence.

X. Determination of Guilt Procedure
A student is found guilty of violations in Section II, Paragraph IV, V, VI, and VII, if he/she:
A. Is witnessed breaking one of the standards of conduct by one or more staff members.
B. Admits to violating one of the standards.
C. Is found so in a court of law.
D. Is determined to be guilty by the principal after the three member panel conduct its hearing.

XI. Statute of Limitations
A. If evidence is presented against a a student which can be confirmed to be greater than one calendar year old from when the evidence is presented to a coach, sponsor, counselor, and/or administrator, the student must participate in the educational component of the Positive Life Program, but no suspension from any contests will be mandated. Failure to comply with the educational component in this instance will be subject to the 40% contest suspension per the Positive Life Program.

XII. Any student who, at the end of his/her sixth or eighth grade year, commits a violation may be required to serve the penalty at the beginning of the succeeding year; however, this violation is a part of his/Her sixth (or EIGHTH) grade record and is not to be considered his/Her first violation in the middle (or high) school.

XIII. As the middle school student enters the high school his/her academic eligibility will be based on his/her ninth grade performance.

Mission Statement: Duneland provides a safe and engaging environment where students are empowered to explore their talents, build on their curiosity, embrace high expectations, and become responsible, caring citizens.
